Embracing the Evolution of Patient Care

Jay A. Lieberman,
MD, FAAAAI
Annual Meeting
Program Chair

ACAAI is proud to host the 2023 Annual Scientific Meeting, Nov. 9-13.

With the theme “Embracing the Evolution of Patient Care,” the Annual Meeting Program Committee has developed outstanding sessions with Podium to Practice® tips for easy integration into practice.

To kick off the meeting, the Thursday Program will explore anaphylaxis and mast cell diseases. Expert speakers from around the globe will share the latest science and therapeutic updates in these areas. Friday’s sessions will be highlighted by the popular Literature Review for a catch-up on the latest scientific articles and the Practice Management Program, where attendees will get tips for building and maintaining an efficient and viable practice.

Saturday begins with the Presidential Plenary focusing on the important topics trending in

A/I, including FDA labeling changes, ICS-SABA and its current role in asthma management, and the ongoing anaphylaxis evolution. Sunday’s sessions begin with a plenary on the latest on biologics and their uses in respiratory, GI, and skin allergic conditions and a full day of sessions designed to provide our attendees with unparalleled education on today’s most effective treatments. Monday’s enhanced program kicks off with a plenary on the latest practice parameter guidelines for the allergist.

Our popular dermatology Jeopardy session, 7 for 11 Pediatric Update, and the Allied Health and Advanced Practice Courses are not to be missed.

Hands-on workshops will offer interactive, practical guidance to improve and expand your clinical services. There are still a few openings left.

All attendees are invited to the Friday evening President’s Welcome Reception in the Grand Plaza for a celebration in true California style!

Thank you for attending this meeting, and we hope you find it enjoyable and beneficial to your practice.

VITESSE Clinical Trial Now Enrolling

A Phase 3 trial to assess efficacy and safety of Viaskin™ Peanut (DBV712) in children aged 4 through 7 years with peanut allergy is now enrolling. For more information please visit <https://vitesseallergystudy.com>

For information about becoming a clinical trial investigator, or to find an enrolling site for your patient, please contact us at clinicaltrials@dbv-technologies.com

DBV has provided recent updates on the clinical development program for investigational Viaskin™ Peanut, including the publication of the 12-month EPITOPE study in children 1 through 3 years of age and updates on the VITESSE Phase 3 study in children ages 4 through 7 years.

More information
on the clinical
development program
can be found at

Assumption of Risk

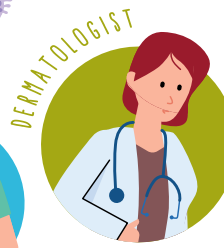

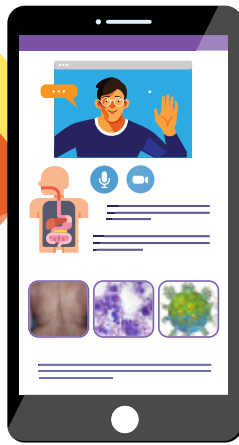

Although the risk from COVID-19 appears to be lower than in the past, participating in the Annual Scientific Meeting carries risk due to the contagious nature of the virus. All attendees agree to release ACAAI and the Annual Meeting venues from any liability related to their participation according to terms set forth in the Annual Meeting registration materials. In addition, attendees must agree to follow all required health and safety guidelines, protocols, policies, regulations, and mandates relating to attendance at the Annual Meeting, including, but not limited to, Centers for Disease Control guidelines, statutes, regulations, and other mandates applicable to the State of California

and the City of Anaheim, as well as any additional requirements imposed by ACAAI or an Annual Meeting venue (regardless of whether federal, state, or local laws allow otherwise).

Attendees must monitor their own health status and are not permitted to attend meeting sessions/ events if symptomatic of COVID-19 or believe they have been exposed to someone with COVID-19.

An attendee's failure to comply with required safety protocols or follow the direction of ACAAI staff on site may result in the loss of their right to attend or participate in the Annual Meeting, including forfeiture of any registration fees paid.

 **ExchangeCME.com/SMA Anaheim Virtual**

TARGET AUDIENCE

The design of this activity addresses the needs of clinical immunologists/allergists, dermatologists, gastroenterologists, hematologists, and other specialist clinicians who diagnose or manage nonadvanced systemic mastocytosis (SM).

PROGRAM OVERVIEW

Nonadvanced SM is a challenging disorder to diagnose and manage due to the heterogeneity of symptoms, anaphylactic triggers, and complicated therapeutic paradigm. Join us for this unique and engaging Call-a-Colleague program, in which a panel of multidisciplinary faculty will discuss evolving diagnostic and management strategies for nonadvanced SM.

LEARNING OBJECTIVES

After completing this activity, the participant should be better able to:

- Describe key pathophysiologic processes in SM, with a focus on potential clinical manifestations and the rationale for new targeted therapies
- Evaluate patients with suspected nonadvanced SM to characterize symptoms, disease burden, and results from appropriate ancillary testing
- Discuss clinical trial evidence and appropriate use of targeted treatment options for nonadvanced SM
- Individualize treatment regimens for nonadvanced SM to reflect clinical evidence for efficacy and safety, patient-reported outcomes, and shared clinical decision-making

LIVE FACULTY

Matthew P. Giannetti, MD
Boston, Massachusetts

Anne L. Maitland, MD
New York, New York

CALL-A-COLLEAGUE FACULTY

Matthew J. Hamilton, MD

Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc). Please contact us prior to the live event at info@exchangecme.com.

Fee Information & Refund/Cancellation Policy

There is no fee for this program.

AGENDA

6:45 AM	Preactivity Questionnaire & Faculty Introductions
6:50 AM	"2 Truths and a Lie" Opening Module
6:55 AM	Pathophysiologic Processes in Nonadvanced SM
7:05 AM	Best Practices in Differential Diagnosis <i>Gastroenterologist</i> Call-a-Colleague: <i>Matthew J. Hamilton, MD</i>
7:20 AM	New Treatment Strategies for Nonadvanced SM <i>Dermatologist</i> Call-a-Colleague: <i>Lauren M. Madigan, MD</i>
7:35 AM	Postactivity Questionnaire and Q&A Session

Contact Information

For questions about this activity, please contact Integritas Communications at info@exchangecme.com.

The Non-CME Corporate Forum content and views expressed therein do not necessarily reflect the views, policies or position of the American College of Allergy, Asthma & Immunology.

There is no registration fee for attending this Non-CME Corporate Forum; however, seating is limited. Preregistration does not guarantee seating. We recommend arriving at the meeting room early.

2023 Award Winners

The College is proud to honor the following individuals for their service to the College and the specialty of allergy/immunology. The Gold Headed Cane Award will be presented during the Opening Ceremony on Saturday at 7:30 am. All other awards will be presented during the ACAAI Business Meeting on Sunday at 4:30 pm. Both sessions will be held in Ballroom B-E (Level 3) of the Anaheim Convention Center.

Distinguished Fellow Awards

David B. Engler, MD, FAAAAI
Houston, Texas

Private practice at Houston Allergy and Asthma Clinic, Houston, Texas. He is also President of The Allergists' Foundation.

David B.K. Golden, MD, FAAAAI
Baltimore, Maryland

Associate Professor of Medicine and a teaching clinician at the Johns Hopkins Asthma and Allergy Center in Baltimore, Maryland.

Distinguished Service Awards

Mary Carol Badat, MAEd
Arlington Heights, Illinois

ACAAI Senior Director for Education Solutions. She has been a valued member of the College staff since 2014.

Gregory E. Lund
Liberty, Missouri

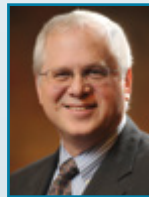

Principal of Lund Resource Group, LLC, and serves as a Strategic Partner for Advocate Development. He also has served as a board member of The Allergists' Foundation.

International Distinguished Fellow Award

Stephen R. Durham, MD
London, England

Clinical Lead for allergy services, head of Allergy and Clinical Immunology at the National Heart and Lung Institute, Imperial College, London, England.

Bryan L. Martin, DO, FAAAAI
Columbus, Ohio

Emeritus Professor of Medicine and Pediatrics at The Ohio State University in Columbus, OH. He is currently President of the World Allergy Organization and he was ACAAI President in 2015-2016.

Executive Medical Director Award

Linda Cullison
Arlington Heights, Illinois

ACAAI Director of Corporate Relations. She has been a valued member of the College staff since 2007.

Official Media Partner of the
ACAAI Annual Scientific Meeting

2023 Award Winners

Education Council Award

Gerald B. Lee, MD, FAAAAI
Atlanta, Georgia

Associate Professor of Pediatrics and Internal Medicine in the Allergy and Immunology Division at Emory University School of Medicine. He is the Program

Director of the Emory allergy/immunology fellowship and a thread director for the Emory immunology preclinical curriculum. He is the Assistant Editor for AllergyWatch, and co-host of the AllergyTalk podcast.

Woman in Allergy Award

Aikaterini Anagnostou, MD, MSc, PhD, FAAAAI
Houston, Texas

Professor of Pediatrics, Baylor College of Medicine in Houston, TX. She serves on the Editorial Board of *Annals of Allergy, Asthma & Immunology*.

Gold Headed Cane Award

Gary N. Gross, MD, FAAAAI
Dallas Allergy & Asthma Center

The Gold Headed Cane Award will be presented during the Opening Ceremony at 7:30 am, Saturday.

2023 Award Winners

The Allergists' Foundation Community Grant Awards

Meeting Information

Admission by Badge Only

Admission to all meeting rooms and the exhibit area will be by badge only. This rule will be strictly enforced by security guards at all entrances. Note: Children under 12 are not admitted to the exhibit area.

Badge Designations

Blue	Member/Fellow Physicians
Purple	Non-member Physicians
Green	Nurses/Allied Health
Lime	Fellows-in-Training/Residents/Students
Orange	Non-Physicians
Red	Technical Exhibitors
Teal	Spouses/Guests
Lt Orange	Media
Fuchsia	Staff
Gray	Meeting Technicians

Replacement badges – \$10.00 each

Anaheim Concierge Information Kiosk

Visit Anaheim has a permanent information desk located in the Hall B Lobby of the Anaheim Convention Center that will be staffed during the ACAAI Annual Meeting.

Hours:	Thursday	8:00 am – 4:00 pm
	Friday	8:00 am – 4:00 pm
	Saturday	8:00 am – 4:00 pm
	Sunday	8:00 am – 4:00 pm
	Monday	8:00 am – 1:00 pm

Anaheim Dine Shop Play Desk

This information desk, located between the lobbies of Halls A and B, will be staffed by Visit Anaheim during the ACAAI Annual Meeting.

Hours:	Thursday	10:00 am – 6:00 pm
	Friday	10:00 am – 6:00 pm
	Saturday	10:00 am – 6:00 pm
	Sunday	10:00 am – 6:00 pm

Annual Meeting Website

Maximize your time at the meeting! Find schedules, download handouts and access all the information you need at annualmeeting.acaai.org.

Audience Response System ARS

Sessions designated as ARS use our audience response system. To participate, select ARS from the meeting app menu or go to acaai.cnf.io. Select the session and the poll will appear when activated by the speaker.

Capturing NPI Numbers

As part of the health care reform legislation signed into law in March 2010, the Physician Payment Sunshine Act requires medical device, biologic and drug companies to publicly disclose gifts and payments made to physicians. To help our ACAAI Annual Scientific Meeting exhibitors and industry partners in fulfilling the mandatory reporting provisions of the Sunshine Act, the College has requested U.S. health care provider attendees to supply their 10-digit NPI (National Provider Identifier) number when registering for the Annual Scientific Meeting. The NPI will be embedded in the bar code data on the attendee's badge – it will NOT be printed on the badge. Exhibitors can download the NPI information by scanning the badge through a lead retrieval system so that they can record and track any reportable transactions.

Child Care Services

Note: Children under 12 are not admitted to the exhibit area. Please contact the concierge at the hotel where you are staying for a list of bonded independent babysitters and babysitting agencies.

Coat/Luggage Check

The Anaheim Convention Center does not offer a coat or luggage check service. Please leave your luggage at the bell desk of the hotel where you are staying.

College Resource Center

Stop by the College Resource Center, located at Booth #815 in Hall C of the Anaheim Convention Center, to get connected and learn about ongoing College resources, programs, Vision Forward, The Allergists' Foundation and more.

In addition, you can learn more about what's available online in the College Learning Connection and Practice Management Center.

Hours:	Friday:	2:00 – 6:00 pm
	Saturday:	9:00 am – 4:30 pm
	Sunday:	9:00 am – 1:30 pm

Continuous Assessment Program (CAP) Review (On Demand Only)

The College' CAP Review program has been helping prepare allergists for Part 3 MOC since the advent of the ABAI's Continuous Assessment Program (CAP) in 2018. This literature-style review covers the majority of Block 2 articles and is designed to focus on key aspects of the study design, results and implications for practice.

Meeting Information

Participants can apply the information learned during this review toward their Block 2 assessment of the CAP cycle.

The CAP Review is offered to all ACAAI 2023 Annual Scientific Meeting Registrants at no cost. Please visit the College Learning Connection at <https://education.acaa.org/2023capreview> to access the complimentary ACAAI 2023 Continuous Assessment Program (CAP) Review presentations.

Credit Claiming

For your convenience, the College will be using an online evaluation and credit claiming system for the 2023 Annual Scientific Meeting. This system will allow you to complete evaluations and claim credit for sessions attended. After completing the evaluation, you will be able to save and/or print your certificate.

Kiosks to claim credit during the meeting are located on Level 2 of the Anaheim Convention Center. Complete details can be found on page 23.

Disclaimer

The primary purpose of the ACAAI Annual Scientific Meeting is educational. Information, as well as technologies, products and/or services discussed, is intended to inform participants about the knowledge, techniques and experiences of specialists who are willing to share such information with colleagues. A diversity of professional opinions exists in the specialty and the views of the College disclaim any and all liability for damages to any individual attending this conference and for all claims

which may result from the use of information, technologies, products and/or services discussed at the conference.

Doctors' Job Fair

Looking for new opportunities, an associate for your group or a buyer for your practice? The Doctors' Job Fair brings together all interested parties seeking or offering professional opportunities.

This unique program is scheduled on Saturday from 11:30 am – 3:00 pm in Hall C of the Anaheim Convention Center. Representatives of clinics, groups and physicians' offices looking for associates will be among those conducting interviews, which will be held in semi-private draped booths.

Education Program

All Education Program sessions are held at the Anaheim Convention Center.

Hours	Thursday:*	8:00 am – 5:30 pm
	Friday:	8:00 am – 4:30 pm
	Saturday:	7:30 am – 4:30 pm
	Sunday:	8:00 am – 4:30 pm
	Monday:	8:00 am – 12:30 pm

*Separate fee for attendance

ePosters

NOT FOR CREDIT

ePosters provide an engaging and interactive visual presentation of abstracts and allow for online access with full search capabilities. Each author is assigned a 10- or 15-minute presentation slot.

ePosters will be on display in Exhibit Hall C of the Anaheim Convention Center and will be assigned to monitors by category. When ePosters are not being presented, the monitors are self-service for searching and viewing ePosters.

ePosters – Meet the Authors Presentation Schedule

Friday	3:00 – 6:00 pm
Saturday	11:35 am – 1:00 pm
Sunday	11:35 am – 1:00 pm

ePosters go live online Thursday, Nov. 9 at 8:30 am PT, and are accessible online through the Annual Meeting website and the meeting app. Search for specific topics or browse at your leisure. ePosters are accompanied with audio/video submissions detailing each abstract. ePosters will remain viewable on demand for six months following the Annual Meeting.

In the event of an emergency in the Convention Center, please call Security at (714) 765-8975 from your mobile phone or dial extension 8975 from any house phone. Advise the location and nature of the emergency.

Exhibit Hall

More than 100 technical and scientific exhibitors in more than 280 booths are displaying their latest products in Hall C of the Anaheim Convention Center during the Annual Meeting. The College appreciates the support of its exhibitors and urges all registrants to visit the booths.

Hours: Friday: 2:00 – 6:00 pm
Saturday: 9:00 am – 4:30 pm
Sunday: 9:00 am – 1:30 pm

Exhibit Passport Contest

We're excited to announce a fun way for you to visit your favorite booths – the Exhibit Hall Passport Contest! Participate for a chance to win one of five \$100 Amazon Gift Cards. The contest will begin Friday at 2:00 pm and end on Sunday at 1:30 pm. See page 90 for complete details.

First Aid

A First Aid station is located in the Main Lobby (near Hall B) of the Anaheim Convention Center during the following hours:

Hours: Thursday: 6:30 am – 6:00 pm
Friday: 5:30 am – 6:30 pm
Saturday: 5:45 am – 6:00 pm
Sunday: 6:15 am – 6:00 pm
Monday: 6:30 am – 5:00 pm

The Allergists' Foundation

The Allergists' Foundation, the College's philanthropic arm, funds research that aims to remove barriers to allergy care, improve patient health outcomes and ensure the well-being of our communities. We are proud to recognize those individuals who have generously supported the work of the Foundation. A list of our top donors can be found on the Foundation Honor Display located on Level 3 of the Anaheim Convention Center.

The Allergists' Foundation invites everyone to join us in this critical investment in our specialty by making a gift in support of the Community Grant Program. Your support can make all the difference toward empowering practicing allergists and ensuring richer, fuller lives for our patients!

Text "allergists" to 50155 or scan the code to make a donation. Be sure to stop by the College Resource Center (Booth #815) to learn more about the Community Grant Program.

Handouts

Session handouts are available for download online at annualmeeting.acaai.org and through the meeting app.

Health & Safety

ACAAI strongly encourages attendees to be up to date with their COVID-19 vaccinations as per CDC guidelines. If attendees are exhibiting any symptoms prior to their departure for the Annual Meeting or while in Anaheim, they should test for COVID-19 and not participate if the test shows a positive result.

CDC and state and local health and safety recommendations or requirements for Anaheim may be in effect at the time of the meeting.

Masks are welcome but not required. Anyone who wishes to wear a mask is welcome to do so, and their decision should be respected.

NEW in 2023

Late-breaking Abstracts

These impactful presentations, featuring the latest information on clinical research, will be presented live in unopposed sessions. Authors will deliver presentations on a stage in the ePoster area during the morning and afternoon breaks on Saturday and Sunday. The presentations will be simulcast on multiple ePoster monitors to allow numerous attendees to see the data being presented. Presentation dates and times will be available on the ACAAI Annual Meeting website and Annual Meeting app.

Livestream Sessions LIVESTREAM

The College will Livestream the main ballroom sessions in real time. Livestream attendees receive access to 19 different 90-minute sessions, providing up to 28.0 hours of CME Credits.* In addition, Livestream registration provides free post-meeting access to all On Demand content from the meeting.

Livestream registrants participate in real time, including Q&A with the session faculty. Please see page 35 or visit annualmeeting.acaai.org/livestream.cfm for more details. All times are Pacific Time.

* Includes the Thursday Program and Friday Literature Review sessions, when purchased separately.

Meeting Information

Lost and Found

In the event you have lost or found a personal belonging, please visit the ACAAI Registration Desk located in Hall C Lobby of the Anaheim Convention Center to either turn in or report a lost item.

Meeting App

Maximize your time at the meeting with the free ACAAI Annual Scientific Meeting app. Check the schedule, connect to Q&A, jump on social media and more. To download, search for ACAAI in your app store.

Supported by Sanofi & Regeneron

Meeting On Demand

The recorded educational sessions from the 2023 Annual Meeting will be hosted on the College Learning Connection website. On Demand courses will be available to all registrants following the meeting. Go to annualmeeting.acaai.org/ondemand.cfm for more information.

Networking Goes Viral: #ACAAI23

Be a part of the Annual Meeting conversation! Use #ACAAI23 in your meeting-related social media posts, and follow the College on X (formerly Twitter) @ACAAI and on Threads @allergy_acaai. Also, share Facebook posts from facebook.com/TheACAAI.

Non-CME Corporate Forums

These non-CME commercial presentations and promotional sessions are organized by industry and designed to enhance your meeting experience. These sessions are open to all meeting attendees.

Non-CME Corporate Forums are scheduled before sessions on Friday, Saturday and Sunday at the Anaheim Convention Center, and at the end of the day on Friday and Saturday at the Hilton Anaheim Hotel.

Friday

6:45 – 7:45 am	Anaheim Convention Center
8:00 – 10:00 pm	Hilton Anaheim Hotel

Saturday

6:15 – 7:15 am	Anaheim Convention Center
8:00 – 10:00 pm	Hilton Anaheim Hotel

Sunday

6:45 – 7:45 am	Anaheim Convention Center
----------------	---------------------------

Nursing/Lactation Room

There are Nursing/Lactation rooms located in Hall A Lobby and Hall D Lobby of the Anaheim Convention Center.

Photography/Video Recordings

By registering for this meeting, attendees acknowledge and agree that ACAAI or its agents may take photographs during events and may freely use those photographs in any media for College purposes, including, but not limited to, news and promotional purposes.

The presentations, slides and materials provided in this program are the property of the College or are used with permission of the owner. You may not photograph, videotape, audiotape or otherwise record or reproduce any of the presentations without express written permission from the College. Any attendee believed to be violating this restriction will be removed from the session and may be prohibited from participating in future College meetings.

President's Welcome Reception

All attendees are encouraged to attend the President's Welcome Reception on Friday, held in the Grand Plaza of the Anaheim Convention Center (outdoors) from 6:00 – 7:30 pm. It's the perfect place to catch up with old friends and make new acquaintances.

Supported by Sanofi & Regeneron

Product Theaters

These are commercial presentations conducted by exhibiting companies in specially constructed theaters in Hall C of the Anaheim Convention Center. There are four Product Theaters where a limited number of 25-minute and 85-minute sessions will be presented each day during the refreshment and lunch breaks. Product Theaters are non-CME forums organized by industry and designed to enhance your learning experience. Please see pages 87-89 for additional information.

Schedule:	Friday:	2:35 – 3:00 pm
	Saturday:	9:35 – 10:00 am 11:35 am – 1:00 pm 2:35 – 3:00 pm
	Sunday:	11:35 am – 1:00 pm

Quiet Reflection Room

Room 206B in the Anaheim Convention Center has been designated for prayer and meditation and is available for use during meeting hours (Thursday – Sunday).

Meeting Information

Registration Desk Hours

The Registration Desk is located in Hall C Lobby of the Anaheim Convention Center and will be open:

Hours: Wednesday: 3:30 – 6:30 pm
Thursday: 7:00 am – 5:00 pm
Friday: 6:00 am – 6:00 pm
Saturday: 7:00 am – 4:00 pm
Sunday: 7:00 am – 4:00 pm
Monday: 7:00 am – noon

Session Details

Full details for all sessions (including descriptions and learning objectives) are available online by visiting annualmeeting.acaai.org.

Speaker Ready Room

The Speaker Ready Room is located in Rooms 304AB of the Anaheim Convention Center and will be open:

Hours: Wednesday: 3:00 – 7:00 pm
Thursday: 7:00 am – 6:00 pm
Friday: 6:00 am – 6:30 pm
Saturday: 6:30 am – 6:00 pm
Sunday: 6:00 am – 6:00 pm
Monday: 7:00 am – 12:30 pm

All presenters must check into the Speaker Ready Room at least six hours before the start of their presentation.

Special Needs

 In compliance with the Americans with Disabilities Act, ACAAI requests that participants in need of special accommodation submit a written request to ACAAI well in advance.

Tracks

To make it easier for participants to identify Annual Meeting sessions that are relevant to their practice, the College has identified nine critical areas for allergy and immunology.

These nine primary areas make up the Annual Meeting Track System:

- Asthma and Respiratory / Sleep Disorders
- Clinical Immunology and Autoimmune Diseases
- Dermatology
- Environmental and Integrative Medicine
- Food & Drug Allergy and GI Disorders
- Immunotherapy and Diagnostics
- Population Health and Infectious Diseases / International Travel
- Practice Management / Professional Issues / Advocacy
- Rhinitis / Sinusitis / Ocular and Anaphylaxis

Additional tracks include:

- ACAAI
- Advanced Practice Course
- Allied Health Course
- FIT Program
- Practice Management Program

View all sessions associated with any of these tracks on the Annual Meeting website.

Wireless Internet

Complimentary Wi-Fi is provided to all meeting attendees at the Anaheim Convention Center.

- Open your wireless network connections
- Connect to the "ACAAI" wireless network
- Enter password: acaai2023

Supported by BioCryst Pharmaceuticals, Inc.

Join the Advocacy Council's sign-on letter!

Encourage your representatives in Congress to enact legislation to ensure that physician payments are not reduced in future updates to the Medicare Physician Fee Schedule. **STOP MAKING "US" THE CUT!**

Use the QR code to add your name, **HOME** address and email address to the list. The College will send your signed letter to your representatives.

A copy of the complete letter is available on the signup page and at the College Resource Center, located at Booth #815 in Hall C of the Anaheim Convention Center.

Meeting Information

SPARK Program

The ACAAI SPARK program was developed to help “spark” an interest in residents who might be considering a career in allergy / immunology. The SPARK program provides \$1,500 grants to help cover the expenses for residents (Pediatric, Internal Medicine, or Med-Peds) to spend three days at the ACAAI Annual Meeting.

With the leadership of the Program Director’s Committee, chaired by Christopher Chang, MD, PhD, MBA, FAAAAI, and FIT Representatives Brent Griffin, MD, MPH, and Vinh Nguyen, MD, each SPARK recipient will have a FIT mentor. You might recognize recipients by their yellow SPARK ribbon, so please say hello and welcome our 2023 SPARK recipients:

- Nicole Altomare, MD • Northwestern McGaw
- Sainath Asokan, MD • St. Christopher’s Hospital for Children
- Jonathan Barratt, DO • University of Texas Medical Branch
- Anjali Deendyal, MD • Tulane University Internal Medicine-Pediatrics
- Matthew Holland, DO • University of Tennessee College of Medicine-Chattanooga
- Rohan Kuruvilla • Howard University School of Medicine
- Sherry Li, DO • Authority Health – Pediatrics
- Martha Dickinson Matson, MD • Loma Linda University Health Combined Internal Medicine & Pediatrics
- Banafsheh Nazari • Morehouse School of Medicine
- K. Quinn Newman Hudson, MD • MUSC Internal Medicine
- Timothy Nguyen, DO • University of Kansas School of Medicine-Wichita
- Travis Satnarine, MD • University of Miami/Jackson Health System
- Divya Shah, MD • University of Arizona-Phoenix
- Nancy Claire Smith, MD • University of Alabama in Birmingham-Pediatric Residency
- Madeline Sparks, MD • University of Texas Southwestern Pediatrics Residency
- Sydney Topfer, MD • Cohen Childrens Medical Center
- Raagini Suresh Yedidi, MD • Garden City Hospital

Education Information

This activity is supported by educational grants from commercial interests. Complete information will be provided to participants prior to the activity. Educational credit will be available to attendees. Complete details about accreditation and credit designation are available online.

Target Audience

Medical professionals who treat patients with allergic and/or immunological conditions:

- Practicing Allergist/Immunologists
- Academic Allergists including Training Program and Division Directors
- Allergy/Immunology Fellows-in-Training
- Physician Assistants and Advanced Practice Nurses
- Allied Health Professionals
- Practice Management/Office Administrators
- Primary Care Physicians and other medical professionals

Overall Educational Objectives

At the conclusion of this activity, participants should be able to:

- Identify major advances in key areas of cutting-edge research in immunologic mechanisms and allergic responses, including anaphylaxis and pathophysiology of the upper airways, lungs, eyes, skin, and gastrointestinal tract.
- Demonstrate knowledge of basic processes linking molecular and cellular biology and genetics with allergic pathophysiology and immunodeficiency.
- Translate emerging clinical science principles to clinical practice in patients with allergic and immunologic diseases.
- Evaluate and implement state-of-the-art diagnostic and therapeutic strategies for treating patients with allergic and immunologic diseases.
- Explain the impact of environmental exposures and external influences on patients with allergic disorders.
- Recognize emerging trends in the prevalence of allergic and immunologic disorders and discuss their impact on public health.
- Evaluate the impact of new diagnostic and therapeutic strategies on health care costs and outcomes.
- Discuss processes, tools and technologies for an efficient allergy and immunology practice.

Disclosure Statement

As required by the Accreditation Council for Continuing Medical Education (ACCME) and in accordance with the American College of Allergy, Asthma & Immunology (ACAAI) policy, the College must identify and mitigate conflicts of interest for all individuals responsible for the development, management, presentation, and/or evaluation relevant to a CME activity. Disclosed information is reviewed in advance to manage and mitigate any potential conflicts of interest. Disclosure in no way implies that the information presented is biased or of lesser quality; it is incumbent upon course participants to be aware of these factors in interpreting the program contents and evaluating recommendations. All relevant financial relationships have been mitigated. Specific disclosure information for the 2023 Annual Meeting is conveniently located on the Annual Meeting website's [Education page](#).

Accreditation Statements

The American College of Allergy, Asthma & Immunology (ACAAI) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Allergy, Asthma & Immunology (ACAAI) is a provider, approved by the California Board of Registered Nursing, Provider Number CEP17239.

Credit Designation

The American College of Allergy, Asthma & Immunology (ACAAI) designates this live activity for a maximum of **28.75 AMA PRA Category 1 Credit(s)TM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American College of Allergy, Asthma & Immunology (ACAAI) is a provider, approved by the California Board of Registered Nursing, Provider Number CEP17239 and this activity has been designated for up to **28.75** Continuing Education contact hours.

This continuing medical education activity has been reviewed by the American Academy of Pediatrics and is acceptable for a maximum of **28.75** AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.

Education Information

Credit Designation *(continued)*

Advanced Practice Health Care Providers

One-Day Course: This activity has been designated for up to **7.50** Continuing Education contact hours.

The American College of Allergy, Asthma & Immunology (ACAAI) designates this live activity for a maximum of **7.5 AMA PRA Category 1 Credit(s)TM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Allied Health Professionals

One-Day Course: This activity has been designated for up to **6.00** Continuing Education contact hours.

The American College of Allergy, Asthma & Immunology (ACAAI) designates this live activity for a maximum of **6.0 AMA PRA Category 1 Credit(s)TM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Maintenance of Certification

IMPORTANT: ABAI's MOC program requires Diplomates to obtain a minimum of 25 CME credits in allergy and immunology each year. CME credits for this meeting can be applied to this requirement.

Evaluation and Credit Claiming

For your convenience, the College will be using an online evaluation and credit claiming system for the 2023 Annual Scientific Meeting. This system will allow you to complete evaluations and claim credit for sessions attended. After completing an overall meeting evaluation, you will be able to save and/or print your certificate.

Where to access the evaluation and credit claiming system:

At the meeting:

- CME Kiosks located on Level 2 at the Anaheim Convention Center
- Personal laptops, tablets and other mobile devices (recommended) at annualmeeting.acaai.org.

After the meeting:

- Online at annualmeeting.acaai.org.

How to log into the evaluation and credit claiming system:

- 1) Go to annualmeeting.acaai.org.
- 2) Click the "2023 Claim Credit" button.
- 3) Log in using your last name and badge ID number.
- 4) Complete the evaluations and claim your credit for the sessions you attended.

- 5) Complete the overall meeting evaluation.
- 6) Save and/or print your certificate.

Please complete the evaluation and credit claiming by **December 31, 2023**.

Certificates:

- CME Certificates will be awarded to physicians only, per the American Medical Association (AMA PRA Handbook, p. 8).
- Certificates of Attendance will be awarded to any non-physician/non-nurse participants that complete the evaluation and credit claiming.
- CE credit will be awarded to nurses, nurse practitioners, and advanced practice nurses.

Visit annualmeeting.acaai.org for additional information.

Replacement Certificates:

Once you have claimed credit for the 2023 Annual Meeting, your certificate will always be available on the College Learning Connection (education.acaai.org). Log in using your College username/password, and click "My Learning" to view your learning transcript.

10:00 – 11:00 am	AllergyWatch Editors	211A
11:30 am – 1:00 pm	Past Presidents’ Committee*	211B
Noon – 1:00 pm	Asthma Committee	211A

Committee Meetings

*A complimentary breakfast or lunch will be served at this meeting.

FIT Scholarships

The College awarded scholarships to 235 Fellows-in-Training to attend the 2023 Annual Scientific Meeting.

ACAAI Thanks Its Scholarship Sponsors

The Fellows-in-Training section of the College expresses its appreciation to the following companies that sponsored Fellows-in-Training Scholarships this year:

- Pharming Group NV**
- Sanofi & Regeneron**
- Stallergenes Greer**
- Takeda**

Named Lectures

Each year, the American College of Allergy, Asthma & Immunology presents named lectures during the Annual Scientific Meeting. This year, Bela Schick and Edward J. O'Connell lectures will be presented. The allergists selected to present named lectures embody the high standards and achievements of the physicians for whom the lectures are named. All lectures will be held in Ballroom B-E (Level 3) at the Anaheim Convention Center. The College is proud to present the following named lectures.

Bela Schick Lecture

*Saturday, Nov. 11, 8:00 – 9:30 am
Presidential Plenary – Trending Topics in
Allergy and Immunology*

Life Is Too Short To Drink Bad Wine
David R. Stukus, MD, FAAAAI

The annual Bela Schick Lecture is named in honor of one of medicine's most respected scientists. Dr. Bela Schick was born in Hungary and attended medical school in Austria. After serving as Extraordinary Professor of Children's Diseases at the University of Vienna, he immigrated to the United States in 1923. He was a pediatrician at Mt. Sinai in New York for many years, loved by his patients and respected by his fellows. Dr. Schick is best known for his work with Clemens von Pirquet on anaphylaxis and for the test he developed to assess immunity in diphtheria.

Edward J. O'Connell Lecture

*Sunday, Nov. 12, 8:00 – 9:30 am
Plenary – The Buzz on Biologics: To Asthma
and Beyond*

**Biologics for Asthma – 20 Years Since
the First Approval and Where We Are
Headed in 20 Years**
John J. Oppenheimer, MD, FAAAAI

This annual lectureship was established to honor the legacy of Dr. O'Connell, a past president of the College and editor of the *Annals of Allergy*. He was a caring, compassionate physician with a life-long passion for treating children. He was an adept educator and authored nearly 100 original articles, along with many book chapters related to allergy and immunology.

Livestream Program

The following sessions will be broadcast in real time to registrants who have purchased the Livestream option and will participate in the meeting from their homes or offices. All times are Pacific Time.

See **LIVESTREAM**  designated sessions throughout the program for additional details.

Thursday, November 9

Thursday Program • Separate Registration Fee
(Livestream attendees must be registered for the General Annual Meeting to enroll in the Thursday Program)

- 8:00 – 9:30 am *Thursday Program – Mast Cell Biology – From Bench to Bedside*
Supported by an independent educational grant from Blueprint Medicines
- 10:00 – 11:30 am *Thursday Program – Mast Cell Diseases*
Supported by an independent educational grant from Blueprint Medicines
- 1:00 – 2:30 pm *Thursday Program – Anaphylaxis*
- 3:00 – 4:30 pm *Thursday Program – Epinephrine...What Do We Actually Know?*
Supported in part by an independent educational grant from Bryn Pharma

Friday, November 10

Annual Literature Review • Separate Registration Fee
(Livestream attendees must be registered for the General Annual Meeting to enroll in the Annual Literature Review)

- 8:00 am – 4:30 pm *Everything You Should Have Read Last Year, but Didn't!*
(Breaks: 9:30 – 10:00 am; 11:30 am – 1:00 pm; 2:30 – 3:00 pm)

Saturday, November 11

- 7:30 – 8:00 am *Opening Ceremony and Welcome Announcements* 
- 8:00 – 9:30 am *Presidential Plenary – Trending Topics in Allergy and Immunology*
- 10:00 – 11:30 am *Is There a Mild Food Allergy Phenotype?*
- 1:00 – 2:30 pm *7 for 11 – Hot Topics in Pediatrics A&I – A Joint Presentation From AAP-SOAI and ACAAI*
- 3:00 – 4:30 pm *From Bleach Baths to Biologics: Evidence and Recommendations From the 2023 Atopic Dermatitis Parameters*

Sunday, November 12

- 8:00 – 9:30 am *Plenary Session – The Buzz on Biologics: To Asthma and Beyond*
- 10:00 – 11:30 am *Asthma: The Good, the Bad, and the Ugly*
Supported by an independent educational grant from AstraZeneca
- 1:00 – 2:30 pm *Jeopardy – What's That Rash?*
- 3:00 – 4:30 pm *Allergen Immunotherapy in Your Practice – Are You Up to Date With the Current Parameters?*
- 4:30 – 5:30 pm *ACAAI Annual Business Meeting* 

Monday, November 13

- 8:00 – 9:30 am *Plenary Session – Don't Be Scared of the Skin: Practical Pearls to Treat Urticaria and Atopic Dermatitis*
- 9:45 – 11:00 am *Inborn Errors of Immunity – Insights From the Practice Parameter Update*
- 11:15 am – 12:30 pm *Drug Allergy in Evolving Patient Care*

Hands-on Workshops

Separate Registration Fee • Admission by Ticket Only

Friday, November 10

10:00 – 11:30 am • Room 209
Anaheim Convention Center

Fee: \$195 (FITs: \$50 / AHP: \$50) • Limit 32.

Hands-on Workshop

SOLD OUT

SQ Immunoglobulin Infusion

Moderator: Kenneth Paris, MD, MPH

Supported by KORU Medical Systems, Inc. through an independent educational grant consisting of disposable supplies.

Clinicians frequently prescribe gamma globulins for antibody deficiencies but may not be very familiar with Subcutaneous (SC) administration of immunoglobulins. Increasing knowledge of methods of administration and solutions to common adverse effects of infusion increases the likelihood of patient satisfaction and adherence to therapy. Oversight of these infusions is important. This workshop will provide instruction on methods of SC administration of IG, including facilitated SC infusion, and discuss solutions to address common problems faced by patients infusing SC IG.

Track: Clinical Immunology and Autoimmune Diseases

- 10:00 am **Welcome and Introductions**
Kenneth Paris, MD, MPH
- 10:03 am **Facilitating SQ Immunoglobulin Infusion**
Kenneth Paris, MD, MPH
- 10:15 am **Hands-on Training**
Trainers:
Kenneth Paris, MD, MPH
Nikita Raje, MD, FACAAI
Fernanda D. Young, MD
Elizabeth M. Younger, CRNP, PhD
- 11:20 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Evaluate the different modalities of immune globulin administration.
- Manage side effects of immune globulin administration.

1:00 – 2:30 pm • Room 209
Anaheim Convention Center

Fee: \$195 (FITs: \$50 / AHP: \$50). Limit 32.

Hands-on Workshop

SOLD OUT

Advanced Patch Testing and Interpretation

Moderator: Kelly M. Maples, MD, FACAAI

Supported by Chemotechnique Diagnostics/Dormer Laboratories Inc., and SmartPractice through independent educational grants consisting of disposable supplies.

Participants in this workshop will be alerted to advanced practices in patch testing and interpretation. The topics that will be covered include determining which patient to patch test, applying a patch test, contraindications and precautions in patch testing and the interpretation of results. This program is best suited for an audience with knowledge of patch testing.

Track: Dermatology

- 1:00 pm **Welcome and Introductions**
Kelly M. Maples, MD, FACAAI
- 1:03 pm **Whom to Patch Test?**
Ellen R. Sher, MD, FACAAI
- 1:13 pm **Metal Hypersensitivity: When? Application?**
Karin Pacheco, MD, MSPH
- 1:23 pm **Patch Test Interpretation**
Luz S. Fonacier, MD, FACAAI
- 1:33 pm **Hands-on Training**
Trainers:
Kelly M. Maples, MD, FACAAI
Ellen R. Sher, MD, FACAAI
Marcella R. Aquino, MD, FACAAI
Luz S. Fonacier, MD, FACAAI
Karin Pacheco, MD, MSPH
- 2:20 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify the appropriate patients for patch testing.
- Adjust patch testing requirements to test for metal hypersensitivity.
- Interpret patch test results and determine relevance.

Hands-on Workshops

Separate Registration Fee • Admission by Ticket Only

Friday, November 10

3:00 – 4:30 pm • Room 209
Anaheim Convention Center
Fee: \$195 (FITs: \$50 / AHP: \$50) • Limit 32.

Hands-on Workshop

SOLD OUT

Spirometry

Moderator: Abby L. Allen, RN, NP

Supported by MD Spiro, a Micro Direct Company, and ndd Medical Technologies through independent educational grants consisting of disposable supplies.

Spirometry is one of the most commonly utilized tools to assess lung function within the allergy practice; however, competency in performance and interpretation is crucial to accurate results. This hands-on session will show participants how to interpret and conduct a quality spirometry study.

Track: Allied Health Course

- 3:00 pm **Welcome and Introductions**
Abby L. Allen, RN, NP
- 3:03 pm **Coaching for Successful Spirometry**
Bryan Farthing, PA, RT
- 3:18 pm **Basic Spirometry Interpretation Strategies**
Abby L. Allen, RN, NP
- 3:33 pm **Hands on Training**
Trainers:
Abby L. Allen, RN, NP
Bryan Farthing, PA, RT
Ashlee Law, PA-C
Lauren Conners, RN
- 4:20 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Demonstrate effective coaching techniques for spirometry.
- Discuss the presentation of an obstruction pattern on spirometry.
- Identify how poor spirometry technique can make spirometry interpretation challenging.

Saturday, November 11

1:00 – 2:30 pm • Room 209
Anaheim Convention Center
Fee: \$195 (FITs: \$50 / AHP: \$50) • Limit 32.

Hands-on Workshop

SOLD OUT

The Nuts and Bolts of Patch Testing, Wet Wraps and Creams

Moderator: Luz S. Fonacier, MD, FAAAAI

Supported by Chemotechnique Diagnostics/Dormer Laboratories Inc., and SmartPractice through independent educational grants consisting of disposable supplies.

This hands-on workshop will demonstrate proven techniques in dermatology: patch testing, physical urticaria challenges and wet wraps. Some case studies may be used to set the stage, but the focus will be hands-on stations.

Track: Advanced Practice Course

- 1:00 pm **Welcome and Introductions**
Luz S. Fonacier, MD, FAAAAI
- 1:03 pm **Patch Test Application and Interpretation**
Luz S. Fonacier, MD, FAAAAI
Sharon E. Jacob, MD
- 1:13 pm **Wet Wraps and Creams**
Anil Nanda MD, FAAAAI
Sandra M. Gawchik, DO, FAAAAI
- 1:33 pm **Hands-on Training**
Trainers:
Luz S. Fonacier, MD, FAAAAI
Sharon E. Jacob, MD
Anil Nanda, MD, FAAAAI
Sandra M. Gawchik, DO, FAAAAI
- 2:20 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Properly conduct patch testing.
- Accurately interpret patch testing results.
- Prepare and apply wet and dry wraps and use biologics to treat atopic dermatitis.

Hands-on Workshops

Separate Registration Fee • Admission by Ticket Only

Saturday, November 11

3:00 – 4:30 pm • Room 209
Anaheim Convention Center
Fee: \$195 (FITs: \$50 / AHP: \$50) • Limit 32.

Hands-on Workshop

SOLD OUT

Making the Cut – Shave vs. Punch Skin Biopsies

Moderator: David R. Weldon, MD, FAAAAI

This interactive hands-on session is designed for the allergist to learn how and when to perform punch and shave biopsies. This will include proper shave biopsy and punch biopsy techniques, procedural coding, selection of appropriate patients for each type of biopsy, selection of an appropriate lesion and site for the highest diagnostic yield, a review of the various materials and transport media and how to interpret the report from the dermatopathologist to aid in the diagnosis and treatment of patients.

Track: Dermatology

- 3:00 pm **Welcome and Introductions**
David R. Weldon, MD, FAAAAI
- 3:03 pm **Whom to Biopsy?**
Sharon E. Jacob, MD
- 3:13 pm **How to Biopsy-Punch?**
Marcella R. Aquino, MD, FAAAAI
- 3:23 pm **How to Biopsy-Shave?**
Marc J. Serota, MD, FAAAAI
- 3:30 pm **Hands-on Training**
Trainers:
David R. Weldon, MD, FAAAAI
Sharon E. Jacob, MD
Marc J. Serota, MD, FAAAAI
Marcella R. Aquino, MD, FAAAAI
- 4:10 pm **How to Interpret?**
David R. Weldon, MD, FAAAAI
- 4:20 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Use proper technique to perform shave and punch biopsies in the allergy office.
- Identify appropriate patients and biopsy sites.
- Interpret biopsy report to inform patient care.

Sunday, November 12

3:00 – 4:30 pm • Room 209
Anaheim Convention Center
Fee: \$195 (FITs: \$50 / AHP: \$50) • Limit 32.

Hands-on Workshop

SOLD OUT

Performing a Rhinology Exam

Moderator: Jerald W. Koepke, MD, FAAAAI

Supported by Optim LLC through an independent educational grant consisting of loaned durable equipment.

In this session we will demonstrate the use of the fiberoptic rhinoscope in the allergist's office using a video presentation of a fiberoptic rhinology exam of the upper airway. Participants will have the opportunity to become familiar with a rhinoscope and perform an exam on a manikin. Instructors will be available to answer questions throughout this informal session.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

- 3:00 pm **Welcome and Introductions**
Jerald W. Koepke, MD, FAAAAI
- 3:03 pm **Rhinology Presentation**
Jerald W. Koepke, MD, FAAAAI
- 3:15 pm **Hands-on Training**
Trainers:
Jerald W. Koepke, MD, FAAAAI
Seong H. Cho, MD, FAAAAI
Kevin R. Murphy, MD, FAAAAI
David Elkayam, MD
- 4:20 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Navigate the recesses of the nasal airway and larynx with the rhinology scope by acquiring more advanced skills using a fiberoptic endoscope.
- Identify the major structures of the nasal, pharyngeal and glottic areas as visualized during a rhinoscopic examination and describe variations from normal, if seen, when participants examine one another.

Thursday Program: New Frontiers in Mast Cell Disease and Anaphylaxis

8:00 am – 5:30 pm • Anaheim Convention Center

Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to enroll in the Thursday Program)

Supported by an independent educational grant from Blueprint Medicines

There is a large amount of new research in mast cell biology and mast cell related diseases. New therapies targeting mast cells are being studied for a multitude of conditions, including anaphylaxis, chronic urticaria, food allergy, and mastocytosis.

Currently, allergists do not use many therapies targeting mast cells, but rather treat the symptoms as they arise. Thus, allergists will need to update their knowledge of how mast cell conditions present, the current nomenclature of mast cell disease, how they are currently being managed, the latest in mast cell biology in how it relates to therapeutics being studied for mast cell diseases and anaphylaxis, and data on ongoing trials of these therapeutics.

8:00 – 9:30 am • Ballroom B-E (Level 3)

Anaheim Convention Center

Symposium 

Mast Cell Biology – From Bench to Bedside

Moderator: Jay A. Lieberman, MD, FAAAAI

- 8:00 am **Welcome and Introductions**
Jay A. Lieberman, MD, FAAAAI
- 8:03 am **BTK, Siglec-8, and KIT, Oh My**
Lawrence B. Schwartz, MD, PhD, FAAAAI
- 8:30 am **MGPRX2 and Other Insights Into
Drug Allergy**
Mariana C. Castells, MD, PhD, FAAAAI
- 8:55 am **The Genetics of Tryptase and Hereditary
Alpha-tryptasemia**
Jonathan J. Lyons, MD
- 9:20 am **Questions and Discussions**
- 9:30 am **Refreshment Break**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify receptors and signaling molecules in mast cells that can be targeted for therapeutics.
- Discuss novel insights into mechanisms of action for drug allergies.
- Describe the genetics of tryptase and how copy number variations in this gene can lead to clinical findings.

10:00 – 11:30 am • Ballroom B-E (Level 3)

Anaheim Convention Center

Symposium 

Mast Cell Diseases

Moderator: Jay A. Lieberman, MD, FAAAAI

- 10:00 am **Welcome and Introductions**
Jay A. Lieberman, MD, FAAAAI
- 10:03 am **Can Someone Make Sense of the
Mastocytosis Classifications, Please?**
Joseph Butterfield, MD
- 10:30 am **The Patient Presenting With Idiopathic
Anaphylaxis...Diagnostic Dilemmas**
Thomas A. E. Platts-Mills, MD, PhD, FAAAAI
- 10:55 am **Management of Recurrent Idiopathic
Anaphylaxis and Mastocytosis**
Matthew P. Giannetti, MD
- 11:20 am **Questions and Discussions**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Define current nomenclature for mast cell diseases.
- Review the differential diagnosis for patients with idiopathic anaphylaxis.
- Describe therapeutic options for patients with recurrent anaphylaxis and mast cell diseases.

Thursday Program: New Frontiers in Mast Cell Disease and Anaphylaxis

8:00 am – 5:30 pm • Anaheim Convention Center

Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to enroll in the Thursday Program)

11:30 am – 12:45 pm • Ballroom A (Level 3)
Anaheim Convention Center

Luncheon Symposium

In About 4 Hours You Are Going to React to That Sandwich: An Update on Alpha-gal Allergy

Moderator: Jay A. Lieberman, MD, FAAAAI

This session will provide the latest updates and expert opinion on alpha-gal allergy. It will provide the latest insights into diagnosis, pathophysiology, and management in questionable clinical situations such as prosthetic valves, gelatin, and animal derived products.

11:30 am **Lunch**

Noon **Welcome and Introductions**
Jay A. Lieberman, MD, FAAAAI

12:03 pm **In About 4 Hours You Are Going to React to That Sandwich: An Update on Alpha-gal Allergy**
Scott P. Commins, MD, PhD

12:33 pm **Questions and Discussion**

12:45 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Develop a plan for formal diagnosis of alpha-gal allergy, including how best to perform oral challenges and how to manage patients with alpha-gal allergy in less common clinical scenarios, such as if they need a prosthetic valve.

1:00 – 2:30 pm • Ballroom B-E (Level 3)
Anaheim Convention Center

Symposium **LIVESTREAM** 

Anaphylaxis

Moderator: Dana V. Wallace, MD, FAAAAI

This session will be an update on some of the most controversial topics in anaphylaxis. It will address the questions about anaphylaxis fatalities such as how common fatal anaphylaxis is and who is at risk for fatal outcomes. It will look at the opposite end of the spectrum, with an examination of 'low risk' anaphylaxis patients, a new paradigm in allergy care, where perhaps not everyone at risk for anaphylaxis needs to have epinephrine. Finally, it will review updates to the most recent practice parameters on anaphylaxis.

1:00 pm **Welcome and Introductions**
Dana V. Wallace, MD, FAAAAI

1:03 pm **Who Is At Risk for Fatal Anaphylaxis?**
Paul Turner, MD, PhD

1:30 pm **Food Allergy and Risk-Stratification – Is It Alright to NOT Prescribe Epinephrine?**
Matthew Greenhawt, MD, MBA, MSc, FAAAAI

1:55 pm **The 2020 and 2023 Anaphylaxis Practice Parameter At a Glance**
Marcus S. Shaker, MD, MSc, FAAAAI

2:20 pm **Questions and Discussion**

2:30 pm **Refreshment Break**

Learning Objectives

Upon completion of this session, participants should be able to:

- Recite and discuss risk factors for fatal anaphylaxis and incidence of fatal outcomes.
- Consider a risk-stratification model when diagnosing patients with food allergies.
- Review updates to the newest U.S. anaphylaxis practice parameters.

Thursday Program: New Frontiers in Mast Cell Disease and Anaphylaxis

8:00 am – 5:30 pm • Anaheim Convention Center

Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to enroll in the Thursday Program)

3:00 – 4:30 pm • Ballroom B-E (Level 3)

Anaheim Convention Center

Symposium 

Epinephrine...What Do We Actually Know?

Moderator: Dana V. Wallace, MD, FAAAAI

Supported in part by an independent educational grant from Bryn Pharma

This session will be an all-encompassing look at epinephrine. It will review available data on the efficacy of epinephrine in anaphylaxis. It will examine the use of epinephrine in community settings and the utility of anaphylaxis action plans. Finally, it will review available data on novel forms of epinephrine delivery including intranasal and sublingual epinephrine.

- 3:00 pm **Welcome and Introductions**
Dana V. Wallace, MD, FAAAAI
- 3:03 pm **Does Epinephrine Save Lives in Anaphylaxis?**
Jay A. Lieberman, MD, FAAAAI
- 3:30 pm **Epinephrine in Action (From Plans to Planes and Everything In Between)**
Julie Wang, MD, FAAAAI
- 3:55 pm **Novel Routes of Epinephrine**
David B. K. Golden, MD, FAAAAI
- 4:20 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss data on the effect of epinephrine when administered to healthy controls as well as patients undergoing an allergic reaction and why it is recommended as first line therapy for anaphylaxis.
- Describe how to improve outcomes of anaphylaxis in the community setting and identify where anaphylaxis occurs in the community.
- Compare the current data on epinephrine when given by intranasal or sublingual route versus when given by intramuscular route.

4:30 – 5:30 pm • Ballroom A (Level 3)

Anaheim Convention Center

ProCon Debate 

Refreshments Provided

Moderator: Jay A. Lieberman, MD, FAAAAI

Join us for a fun and spirited ProCon debate on topics germane to every allergy clinic regarding the role of mast cell activation in patients with POTS and Ehlers-Danlos and the clinical relevance of hereditary alpha-tryptasemia as an underlying cause of protean manifestations.

- 4:30 pm **Welcome and Introductions**
Jay A. Lieberman, MD, FAAAAI
- 4:33 pm **Hereditary Alpha Tryptasemia – An Underlying Cause of Many Conditions or Not?**
Pro: Jonathan J. Lyons, MD
Con: Joseph Butterfield, MD
- 4:53 pm **I Have POTS and Ehlers Danlos, I Need Someone to Check a Tryptase**
Pro: Mariana C. Castells, MD, PhD, FAAAAI
Con: Lawrence B. Schwartz, MD, PhD, FAAAAI
- 5:30 pm **Adjourn**

Friday Annual Literature Review

Friday, November 10

8:00 am – 4:30 pm • Ballroom B-E (Level 3) • Anaheim Convention Center

Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to enroll in the Annual Literature Review.)

Everything You Should Have Read Last Year, but Didn't! LIVESTREAM

To help you stay abreast of the latest clinical developments in allergy and immunology, the College will continue its highly successful literature review program. This is a review of the most important, clinically focused literature of our specialty published between November 2022 and October 2023, with emphasis on clinical relevance. Faculty includes allergy-immunology training program directors and specialists in practice.

Track: [ACAAI](#)

Moderator: James T. Li, MD, PhD, FAAAAI

Moderator: David A. Khan, MD, FAAAAI

8:00 am	Welcome and Introductions James T. Li, MD, PhD, FAAAAI	1:00 pm	Welcome and Introductions David A. Khan, MD, FAAAAI

11:00 am	Update in Pediatric Allergy John M. Kelso, MD, FAAAAI	4:00 pm	The Year's Best Articles David A. Khan, MD, FAAAAI
11:30 am	Lunch Break (On Own)	4:30 pm	Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss recent advances in basic science that are relevant to allergy and immunology.
- Describe recent developments in rhinitis and sinusitis.
- Recognize the clinical presentation of activated phosphoinositide 3-kinase delta syndrome and distinguish it from common variable immunodeficiency.
- Better diagnose and manage asthma and COPD.
- Discuss important scientific and clinical advances in the pathophysiology and treatment of urticaria, angioedema and other skin disorders.
- Summarize the role of the microbiome in human atopic diseases.
- Identify new concepts in anaphylaxis, drug allergy and stinging insect hypersensitivity, as well as utilize clinically relevant findings in these areas.
- Identify new concepts in anaphylaxis and stinging insect treatment.
- Identify the immunotherapy to best use in patient treatment.
- Discuss recent developments in food allergy.

Friday General Sessions

Symposium

The Environment and the Allergist – Pollen and Practice Changes in the New Environment

Moderators: Dan A. Dalan, MD, FAAAAI; and Mark C. Stahl, DO, FAAAAI

Climate change stands to impact the practicing allergist more than any other specialty. Pollen seasons seem to be evolving, becoming longer and more intense. This session will review the current scientific literature regarding the impact on allergy and asthma patients and equip the allergist to recognize and appropriately treat/mitigate these effects in our patients. In addition, participants will learn steps they can take to make their practice more environmentally friendly and sustainable.

Track: Environmental Allergy and Integrative Medicine

- 8:00 am **Welcome and Introductions**
Dan A. Dalan, MD, FAAAAI; and Mark C. Stahl, DO, FAAAAI
- 8:03 am **Impact of Climate Change on Aeroallergen, Pollen and Mold Count**
Jeffrey G. Demain, MD, FAAAAI
- 8:28 am **Disparities, Climate Change and the Allergic Patient**
Bridgette L. Jones, MD
- 8:53 am **The GREEN Practice**
Todd L. Sack, MD
- 9:18 am **Questions and Discussion**
- 9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Detail the impact of climate change on aeroallergens, pollen, and mold counts.
- Consider potential disparities in care observed in their asthmatic and allergic patients from underserved populations related to the effects of climate change.
- Identify the measures that can be used to implement an environmentally sustainable allergy practice.

8:00 – 9:30 am • Room 210CD
Anaheim Convention Center

Practical Applications at Work Seminar **ARS**

Are You Using These Diagnostic Tests to Maximal Efficacy?

Moderators: Jonathan S. Tam, MD, FAAAAI; and Bradley A. Locke, DO

In this session, presenters will review the mechanisms of action, discuss the clinical applicability, and highlight the clinical relevance of three diagnostic tests.

Track: Immunotherapy and Diagnostics

- 8:00 am **Welcome and Introductions**
Jonathan S. Tam, MD, FAAAAI; and Bradley A. Locke, DO
- 8:03 am **FeNO**
Jonathan Corren, MD, FAAAAI
- 8:28 am **Food Allergy Components**
Julie Wang, MD, FAAAAI
- 8:53 am **Does the Addition of Impulse Oscillometry Increase the Clinical Value of Spirometry in Identifying Uncontrolled Asthma and Exacerbations?**
Stanley Galant, MD, FAAAAI
- 9:18 am **Questions and Discussion**
- 9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss the usefulness of available tests with their patients.
- Demonstrate when to consider these tests in addition/in lieu of percutaneous tests.
- Analyze how this compares to spirometry/plethysmography and make an informed decision on the use of spirometry testing.

Symposium

The Evolution of Immunodeficiency Due to Medications and Malignancy

Moderators: Antoine E. Azar, MD; and
Minto Porter, MD, FAAAAI

Secondary immunodeficiency continues to be increasingly recognized, and this session will focus on diagnosis and management strategies.

Track: Clinical Immunology and Autoimmune Diseases

- 10:00 am **Welcome and Introductions**
Antoine E. Azar, MD; and
Minto Porter, MD, FAAAAI
- 10:03 am **Overview of Secondary Immunodeficiency**
Antoine E. Azar, MD
- 10:23 am **Secondary Immunodeficiency Due to Systemic Steroids**
S. Shahzad Mustafa, MD, FAAAAI
- 10:43 am **Secondary Immunodeficiency Due to Emerging Therapies, Including CAR-T**
Heather K. Lehman, MD
- 11:03 am **Emerging Approaches to Management of SID, What's the Data?**
Jolan Walter, MD
- 11:23 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Assess diagnostic and management strategies in SID patients due to B cell depletion.
- Determine diagnostic and management strategies in SID patients due to systemic steroids.
- Apply diagnostic and management strategies in SID patients due to emerging therapies.
- Summarize and analyze new approaches to SID management.

10:00 – 11:30 am • Room 210CD
Anaheim Convention Center

Symposium

EAACI – New Responses to the Theoretical and Practical Challenge of Allergic Diseases

Moderator: Stefano Del Giacco, MD, PhD

This Sister Symposium session offers an insight into the current research, treatments and clinical practice guidelines used to address allergic diseases outside of the U.S.

Track: ACAAI

- 10:00 am **Welcome and Introductions**
Stefano Del Giacco, MD, PhD
- 10:03 am **A New Nomenclature of Allergic Diseases and Hypersensitivity Reactions**
Marek Jutel, MD, PhD
- 10:28 am **Biologics in Asthma: What the Real World Evidence Tells Us**
Stefano Del Giacco, MD, PhD
- 10:53 am **EAACI Guidelines for Drug Hypersensitivity Management**
Maria Torres, MD, PhD
- 11:18 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify a novel approach to a new nomenclature of allergic diseases adapted to modern needs.
- Analyze real world use of newly introduced biologics.
- Cite changes to the EAACI Guidelines for Drug Allergy.

11:30 am – 1:00 pm
Lunch Break (On Own)

Friday General Sessions

Friday

1:00 – 2:30 pm • Room 210AB
Anaheim Convention Center

Symposium

Empowering Adolescents and Young Adults for Lifelong Health

Moderators: Deepa Patadia, MD; and
Ruchi Shah, MD, FAAAAI

As patients with allergies, asthma, and immunodeficiencies move from adolescence to young adulthood, they are at increased risk of adverse outcomes and unscheduled health care utilization, often due to poor preparation to assume management of their own care from their parents. Adolescent patients may bring a unique set of concerns to their allergist as they prepare for their next phase. This session will educate attendees on the fundamentals of transition preparation and self-management with a focus on elements unique to the conditions we see in practice.

Track: Population Health and Infectious Diseases / International Travel

- 1:00 pm **Welcome and Introductions**
Deepa Patadia, MD; and
Ruchi Shah, MD, FAAAAI
- 1:03 pm **The Fundamentals of Pediatric to Adult Transition Preparation**
William C. Anderson, III, MD, FAAAAI
- 1:23 pm **Military Service Allergy Guidelines and Service Entry Requirements**
Karla Adams, MD, FAAAAI
- 1:43 pm **Managing Atopic Conditions in College – What to Tell Our Patients on Their Own for the First Time**
Ruchi Gupta, MD, MPH
- 2:03 pm **Preparing Your Patients With Immune Deficiencies to Move to Adult Care**
Mary Beth Fasano, MD, MSPH, FAAAAI
- 2:23 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Relate with patient's life/health transitions and design care paths.
- Assess service requirements as they relate to patient's interest in joining the military.
- Develop guidance for young adults entering college.
- Prepare patients for transition to adult care.

1:00 – 2:30 pm • Room 210CD
Anaheim Convention Center

Interdisciplinary Panel

Respiratory Conditions We Need More Help With

Moderators: Sandra M. Gawchik, DO, FAAAAI; and
Amar Dixit, MD, FAAAAI

Supported by an independent educational grant from Merck

Allergists are well-versed in, and have multiple treatment options for, T2 asthma. However, many patients' allergists see respiratory conditions beyond T2 asthma for which there are limited treatment options and may be more difficult to manage. In this session, experts will review diagnosis and management of some of these conditions.

Track: Asthma and Respiratory / Sleep Disorders

- 1:00 pm **Welcome and Introductions**
Sandra M. Gawchik, DO, FAAAAI; and
Amar Dixit, MD, FAAAAI
- 1:03 pm **Chronic Cough**
Mandel R. Sher, MD, FAAAAI
- 1:28 pm **T2-low Asthma**
Mario Castro, MD, MPH
- 1:53 pm **When to Think Autoimmune Lung Conditions**
Julio Lanfranco, MD, MPH
- 2:18 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Formulate a diagnostic algorithm for patients presenting with chronic cough and discuss treatment options.
- Compare currently available therapies for the management of T2-low asthma.
- Develop a differential diagnosis for autoimmune lung conditions and a treatment plan based on the diagnosis.

2:00 – 6:00 pm

ProCon Debate

Are Therapeutic Options Up to Snuff?

Moderators: Myron J. Zitt, MD, FAAAAI; and Sarah W. Spriet, DO, FAAAAI

Will patients with N-ERD eventually tolerate NSAIDs due to treatment with biologics? Will these diagnoses subsequently cease to exist?

Track: Immunotherapy and Diagnostics

- 3:00 pm **Welcome and Introductions**
Myron J. Zitt, MD, FAAAAI; and Sarah W. Spriet, DO, FAAAAI
- 3:03 pm **N-ERD Will Cease to Exist in the Age of Biologics**
Pro: Whitney Stevens, MD, PhD, FAAAAI
Con: Andrew A. White, MD, FAAAAI
- 3:33 pm **You Should Use Antibiotics in Patients With CRS**
Pro: Anju T. Peters, MD
Con: Larry Borish, MD, FAAAAI
- 4:03 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Contemplate the future treatment of NSAID exacerbated respiratory disease.
- Assess the need for antibiotics in patients with chronic rhinosinusitis.

3:00 – 4:30 pm • Room 210AB
Anaheim Convention Center

Clinical Conundrum **ARS**

Complex Non-IgE Food Allergy and Extreme Food-related Anxiety

Moderators: Sami L. Bahna, MD, DrPH, FAAAAI; and Adam T. Fox, MD

This session will provide practical information on how to manage three common challenging patient cases in the food allergy clinic: the patient with complex FPIES, the patient with complex EGID, and the patient/family with extreme food-related anxiety.

Track: Food & Drug Allergy and GI Disorders

- 3:00 pm **Welcome and Introductions**
Sami L. Bahna, MD, DrPH, FAAAAI; and Adam T. Fox, MD
- 3:03 pm **Clemens von Pirquet Abstract Award – 3rd Place**
Successful Management of Immune-mediated Adverse Reactions to Insulin at an Academic Institution
Irene Yuan, MD
- 3:13 pm **How to Approach the Complex FPIES Patient**
Anna H. Nowak-Wegrzyn, MD, PhD, FAAAAI
- 3:38 pm **How to Manage the Complex EGID Patient: Is It All About the Eosinophils?**
Seema S. Aceves, MD, PhD
- 4:03 pm **How to Tackle Food-related Anxiety**
Jennifer LeBovidge, PhD
- 4:23 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify the clinical presentations concerning an immune-mediated insulin reaction and be able to choose treatment strategies to specifically target either insulin-induced urticaria or autoimmune panniculitis.
- Identify and manage complex FPIES.
- Discuss how to identify and manage complex EGID.
- Provide practical tips on effective management of food-related anxiety.

Remote Patient Monitoring: Achieving Success

Moderator: Melinda M. Rathkopf, MD, MBA, FAAAAI

This session on Remote Patient Monitoring will focus on how to achieve program success at the practice level. It will address devices, implementation logistics, coding and financial performance.

- 3:00 pm **Welcome and Introductions**
Melinda M. Rathkopf, MD, MBA, FAAAAI
- 3:03 pm **Remote Patient Monitoring: Achieving Practice Success**
Priya J. Bansal, MD, FAAAAI
- 3:35 pm **Questions and Discussion**

Emergency Preparedness and Disaster Recovery (Natural Disasters, Fire, Cyberattack, etc.)

Allergy practices need an emergency plan in case of extreme weather events, power outages, cyberattack and more. Learn how to prepare a plan to keep your practice safe and operational.

- 3:45 pm **Welcome and Introductions**
Melinda M. Rathkopf, MD, MBA, FAAAAI
- 3:48 pm **Emergency Preparedness and Disaster Recovery (Natural Disasters, Fire, Cyberattack, etc.)**
Shawn E. Hardee
- 4:20 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify devices appropriate for RPM.
- Create logistics for implementing RPM in practice.
- Develop effective disaster planning protocols.

Friday Advanced Practice Health Care Providers Course

Friday, November 10

8:00 am – 4:30 pm • Room 213AB • Anaheim Convention Center

Separate Registration • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to attend the Advanced Practice Health Care Providers Course.)

Track: Advanced Practice Course

8:00 – 9:30 am

Clinical Conundrum

Now What? An Approach to Challenging Cases in the Allergy Practice

Moderator: Abby L. Allen, RN, NP

Unfortunately, not all patients follow the “classic presentation” or respond to treatment algorithms as anticipated. Utilizing a case-based approach, this session will demonstrate the evaluation and evidence-based management of various clinical scenarios.

- 8:00 am **Welcome and Introductions**
Abby L. Allen, RN, NP
- 8:03 am **Restrictive Lung Disease**
Bradley E. Chipps, MD, FAAAAI
- 8:28 am **Difficult to Control Chronic Spontaneous Urticaria**
Amanda L. Michaud, PA-C
- 8:53 am **Anaphylaxis With Unclear Trigger**
Nicole M. Chase, MD, FAAAAI
- 9:18 am **Questions and Discussion**
- 9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss the recommended evaluation/work-up for Restrictive Lung Disease.
- Explore guideline-based recommendations in the management of CSU (Sulfasalazine, Dapsone, etc.).
- Review diagnostic evaluation (including unusual triggers to be mindful of such as exercise, foods, venom, etc.).

Symposium

An Update on Biologic Therapies

Moderator: Tara Doran, RN, BSN, MHA

Biologic therapies continue to evolve and revolutionize the management of many health conditions. This session will provide an overview of biologic treatment options currently available for the management of atopic disease states, with an emphasis on new options and indications for 2023.

- 10:00 am **Welcome and Introductions**
Tara Doran, RN, BSN, MHA
- 10:03 am **Asthma and Nasal Polyps**
Ashlee Law, PA-C
- 10:28 am **Atopic Dermatitis and Urticaria**
Abby L. Allen, RN, NP
- 10:53 am **EoE and Food Allergy**
Stephanie A. Leonard, MD
- 11:03 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Review new biologics as well as updated indications for existing biologics in the management of asthma and nasal polyps.
- Review new biologics or updated indications for existing biologics in the management of atopic dermatitis, EoE and food allergy.

11:30 am – 1:00 pm

Clinical Conundrum

Immunodeficiencies in the Allergy Clinic

Moderator: Ashlee Law, PA-C

This session will utilize a case-based approach to review various presentations of commonly encountered immunodeficiencies in the allergy practice, as well as associated diagnostic management recommendations.

- 1:00 pm **Welcome and Introductions**
Ashlee Law, PA-C
- 1:03 pm **CVID**
S. Shahzad Mustafa, MD, FAAAAI
- 1:28 pm **Specific Antibody Deficiency**
Caroline C. Horner, MD
- 1:53 pm **Hyper IgE Syndrome**
Javier Chinen, MD, PhD
- 2:18 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss interpretation of laboratory findings in CVID.
- Review management strategies for specific antibody deficiency.
- Discuss interpretation of laboratory findings in hyper IgE syndrome.

3:00 – 4:30 pm • Room 213AB
Anaheim Convention Center

Symposium

Oral Food Challenges

Moderator: Tara Doran, RN, BSN, MHA

Conducting safe and effective oral food challenges requires the identification of appropriate patients, a qualified and trained staff and a fully prepared office environment. This session will address current trends in implementing OFC's and methods to ensure that appropriate reimbursements are received.

- 3:00 pm **Welcome and Introductions**
Tara Doran, RN, BSN, MHA
- 3:03 pm **Trends in Food Challenges**
Kristin C. Sokol, MD, FAAAAI
- 3:28 pm **Performing a Food Challenge**
Robert Sporter, MD, FAAAAI
- 3:53 pm **Coding for a Food Challenge**
Tara Doran, RN, BSN, MHA
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify patients for whom an oral food challenge is appropriate.
- Review principles in conducting a safe and effective food challenge.
- Discuss proper coding recommendations to aid in reimbursement of oral challenges in the office.

Presidential Plenary **LIVESTREAM**

Trending Topics in Allergy and Immunology

Moderator: Kathleen R. May, MD, FAAAAI

This Presidential Plenary session features a potpourri of timely presentations, including a review of the FDA labeling changes for food allergens for percutaneous skin testing, a discussion of how ICS-SABA best fits in asthma management strategy, and an overview of potential important changes to how we will manage anaphylaxis in the future. Rounding out this session will be the annual Bela Schick Lecture.

Track: ACAAI

- 8:00 am **Welcome and Introductions**
Kathleen R. May, MD, FAAAAI
- 8:03 am **FDA Labeling Changes: Food Allergens for Skin Testing**
Jay E. Slater, MD
- 8:23 am **Where Does ICS-SABA Fit in Asthma Management?**
Leonard B. Bacharier, MD, FAAAAI
- 8:43 am **Evolution in Anaphylaxis**
David B. K. Golden, MD, FAAAAI
- 9:03 am **Bela Schick Lecture**
-  **Life Is Too Short To Drink Bad Wine**
David R. Stukus, MD, FAAAAI
- 9:23 am **Questions and Discussion**
- 9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Understand the FDA/CBER's role in food allergen monitoring and the recent decision surrounding food allergen labeling.
- Discuss the rationale for, and the role of, ICS-SABA in asthma management.
- Consider potential changes in therapeutic options, future management of anaphylaxis.

Symposium **LIVESTREAM** ▶

Is There a Mild Food Allergy Phenotype?

Moderators: Aikaterini Anagnostou, MD, PhD, FAAAAI;
and Stephanie A. Leonard, MD

This session will discuss different food allergy phenotypes and describe varying severity of food-allergic reactions and the use of a food allergy scoring system in development. New approaches to patient management also will be described, including single, low-dose challenges and use of individual patient thresholds to inform patient management.

Track: Food & Drug Allergy and GI Disorders

- 10:00 am **Welcome and Introductions**
Aikaterini Anagnostou, MD, PhD, FAAAAI;
and Stephanie A. Leonard, MD
- 10:03 am **How to Use Thresholds to Inform Individualized Patient Management**
Douglas P. Mack, MD, MSc
- 10:23 am **Single, Low-dose Food Challenges: Is This the New Approach to Patient Care?**
Adam T. Fox, MD
- 10:43 am **What is a Food Allergy Severity Score and How Do I Use It?**
Marcus S. Shaker, MD, FAAAAI
- 11:03 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify and manage 'Mild' food-allergic patients.
- Describe new approaches to patient management, such as single, low-dose food challenges.
- Discuss the use of a food allergy scoring system in development.

Practical Applications at Work Seminar **ARS**

Recent Advances in Diagnosis and Monitoring of Respiratory Conditions

Moderators: Jeremy S. Katcher, MD, FAAAAI; and
Zachary W. Marshall, MD

Supported by an independent educational grant from
AstraZeneca

Innovative medical advances have helped allergists provide individualized care for our patients, but knowing how to appropriately employ these advances can contribute to better stewardship of resources and improved patient care. In addition, increasing knowledge and challenging the status quo can improve ethical and culturally sensitive care. This session embodies our meeting theme of “Embracing the Evolution of Patient Care,” and will provide allergists with knowledge and skills to better care for our patients as the field of medicine evolves.

Track: Asthma and Respiratory / Sleep Disorders

- 10:00 am **Welcome and Introduction**
Jeremy S. Katcher, MD, FAAAAI; and
Zachary W. Marshall, MD
- 10:03 am **History and Significance of Race-based Spirometry Values**
Bridgette L. Jones, MD
- 10:23 am **Telehealth Utilization in the Evaluation and Management of Respiratory Conditions**
Travis A. Miller, MD, FAAAAI
- 10:43 am **ICS/LABA and Now ICS/SABA... What's SMART?**
Alan P. Baptist, MD, MPH, FAAAAI
- 11:03 am **Sleep Apnea and the Allergist**
Brian D. Robertson, MD, FAAAAI
- 11:23 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Review the history and clinical implications of race-based spirometry.
- Describe how respiratory conditions can be evaluated and managed via telehealth.
- Discuss when to appropriately treat patients with ICS+SABA and ICS+LABA.
- Review sleep study findings and CPAP use in OSA.

10:00 – 11:30 am • Room 210AB
Anaheim Convention Center

Symposium

Editor's Pick – Best Articles From *Annals of Allergy, Asthma and Immunology*

Moderator: Mitchell H. Grayson, MD, FAAAAI

This session will highlight several of the best articles published in *Annals* during the past year. The Editor-in-Chief of *Annals*, Mitchell Grayson, MD, FAAAAI; along with Anna Nowak-Wegrzyn, MD, PhD, FAAAAI; David R. Stukus, MD, FAAAAI; and John J. Oppenheimer, MD, FAAAAI, will provide insight regarding the impact and clinical application of various articles pertaining to allergy and immunology.

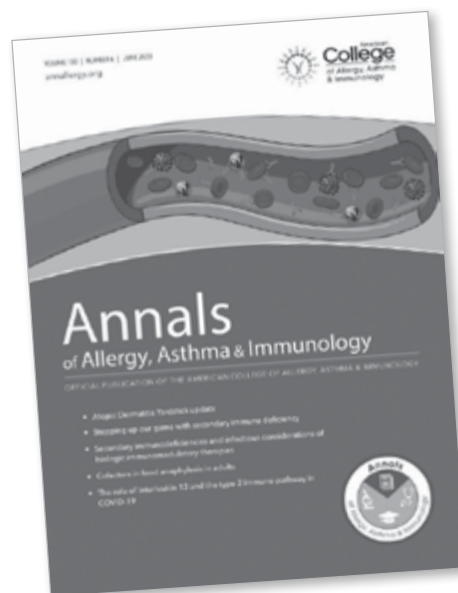

Track: ACAA

- 10:00 am **Welcome and Introductions**
Mitchell H. Grayson, MD, FAAAAI
- 10:03 am **Articles Review and Discussion**
John J. Oppenheimer, MD, FAAAAI
David R. Stukus, MD, FAAAAI
Anna Nowak-Wegrzyn, MD, PhD, FAAAAI
- 11:18 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Utilize a detailed clinical history to clarify the cause of cough.
- Incorporate discussion of biologics and JAK inhibitors into management options for patients with severe atopic dermatitis.

Saturday General Sessions

10:00 – 11:30 am • Room 213AB

Symposium+

Physical Urticaria Provocation: Diagnostics and Interpretation

Moderators: Theresa A. Bingemann, MD, FACAAl; and
Dixie D. Griffin, MD

During this physical (inducible) urticaria symposium, we will review the definition, diagnosis, and management of spontaneous and inducible urticaria. We will introduce and demonstrate diagnostic tools for physical urticaria and discuss how to interpret the results. This session should leave participants more confident in evaluating and treating physical urticaria in their practice.

Track: [Dermatology](#)

- 10:00 am **Welcome and Introductions**
Theresa A. Bingemann, MD, FACAAl; and
Dixie D. Griffin, MD
- 10:03 am **Spontaneous Versus Inducible Urticaria and
Treatment Approaches**
David A. Khan, MD, FACAAl
- 10:28 am **Testing for Inducible Urticarias: Cold, Heat,
Delayed Pressure**
Jonathan A. Bernstein, MD, FACAAl
- 10:53 am **Testing for Inducible Urticarias:
Dermographism, Solar, Aquagenic, and
Vibratory**
Eric Oliver, MD
- 11:18 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to:
- Differentiate between spontaneous and inducible urticaria and treatment options.
 - Describe the most common causes of inducible urticaria.
 - Perform various provocation and threshold tests for inducible urticaria.

Symposium **LIVESTREAM** 

7 for 11 – Hot Topics in Pediatrics A&I – A Joint Presentation From AAP-SOAI & ACAA

Moderator: Todd A. Mahr, MD, FAAAAI

Each of the 7 presenters will have only 11 minutes to deliver insightful, targeted and dynamic information on their assigned topics.

Track: ACAA

1:00 pm	Welcome and Introductions Todd A. Mahr, MD, FAAAAI
1:03 pm	Asthma Angela D. Hogan, MD, FAAAAI
1:14 pm	Food Allergy – Non-treatment Theresa A. Bingemann, MD, FAAAAI
1:25 pm	Food Allergy – Treatment J. Andrew Bird, MD, FAAAAI
1:36 pm	Biologics Eric M. Schauburger, MD, FAAAAI
1:47 pm	Anaphylaxis Julie Wang, MD, FAAAAI
1:58 pm	Immunology Mary Beth Fasano, MD, MSPH, FAAAAI
2:09 pm	Atopic Dermatitis Ama Alexis, MD, FAAAAI
2:20 pm	Questions and Discussion
2:30 pm	Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

- Compare new diagnosis and treatments for food allergy.
- Identify updates in pediatric asthma and allergy.
- Recognize changes in diagnosis and management of pediatric skin and immune disorders.

1:00 – 2:30 pm • Room 213AB
Anaheim Convention Center

Clinical Conundrum

Challenging Symptoms to Manage in Rhinosinusitis / Airway Diseases

Moderators: Gerald B. Lee, MD, FAAAAI; and
John B. Hagan, MD, FAAAAI

This session will focus on three primary symptoms and allow the learner to find tools to help approach difficult cases in the clinic from a symptom-based standpoint. Participants will gain insight on practical approaches and tools to assist them in patient management related to nasal congestion, rhinorrhea and anosmia.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

1:00 pm	Welcome and Introductions Gerald B. Lee, MD, FAAAAI; and John B. Hagan, MD, FAAAAI
1:03 pm	Treating the “Drippy Patient” – Rhinorrhea and Post-nasal Drip Jeremy S. Katcher, MD, FAAAAI
1:28 pm	Treating the “Stuffy and Anosmic Patient” – Nasal Congestion/Blockage Andrew A. White, MD, FAAAAI
1:53 pm	Treating the Patient With Chronic Cough as Main Complaint Mandel R. Sher, MD, FAAAAI
2:18 pm	Questions and Discussion
2:30 pm	Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

- List the medical and surgical treatments available for patients with recalcitrant rhinorrhea.
- Describe the anatomic and medical treatments for and be able to offer practical treatment options to patients with severe nasal congestion.
- List the differential diagnosis of smell impairment and medical/surgical approach to anosmia.
- Formulate a diagnostic algorithm for patients presenting with chronic cough and discuss treatment options.

Saturday General Sessions

1:00 – 2:30 pm • Room 210AB
Anaheim Convention Center

Symposium

The Changing Landscape of Primary Immunodeficiency

Moderator: Sudhir Gupta, MD, PhD, FACAAI

The session will address the changing landscape of primary immunodeficiency, including newly identified conditions, along with optimal diagnostic and management strategies.

Track: Clinical Immunology and Autoimmune Diseases

- 1:00 pm **Welcome and Introductions**
Sudhir Gupta, MD, PhD, FACAAI
- 1:03 pm **Diagnostic Testing for Humoral Immune Deficiency: Pearls and Pitfalls**
Jordan S. Orange, MD, PhD, FACAAI
- 1:28 pm **Management of Pulmonary Complications of Inborn Errors of Immunity**
Jack M. Routes, MD, FACAAI
- 1:53 pm **Gene Therapy for Inborn Errors of Immunity: A New Era in Therapeutics**
Donald B. Kohn, MD
- 2:18 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Indicate how to appropriately diagnose humoral immune deficiency beyond Ig levels and vaccine responses, including when to consider genetic testing.
- Identify pulmonary complications associated with IELs and discuss management strategies.
- Discuss the emerging role of gene therapy for IELs.

1:00 – 2:30 pm • Room 210CD
Anaheim Convention Center

Symposium

Reimbursement for Technology Enabled Services

Moderators: Travis A. Miller, MD, FACAAI; and Farah N. Khan, MD

Technology-enabled patient care for allergy and immunology has expanded way beyond telemedicine. Learn about available technology-based patient care options for allergists and how to get paid for these services.

Track: Practice Management / Professional Issues / Advocacy

- 1:00 pm **Welcome and Introductions**
Travis A. Miller, MD, FACAAI; and Farah N. Khan, MD
- 1:03 pm **Telemedicine Reimbursement Update (Including State Licensure, Multi-state Licensure Compact, etc.)**
Sakina S. Bajowala, MD
- 1:28 pm **Remote Physiologic Monitoring/Remote Therapeutic Monitoring Reimbursement**
Tania Elliott, MD, FACAAI
- 1:53 pm **Reimbursement for E-check-ins, Portal Messages, Interprofessional Consults, etc.**
Jennifer A. Shih, MD, FACAAI
- 2:18 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Explain current reimbursement and licensure laws for telemedicine.
- Utilize reimbursement options and requirements for RPM and RTM.
- Review other technology-based patient care services and reimbursement options for each.

LIVESTREAM ARS

From Bleach Baths to Biologics: Evidence and Recommendations From the 2023 Atopic Dermatitis Parameters

Moderators: Kelly M. Maples, MD, FACAAl; and
Catherine Hammond, MD

In this session, speakers will provide the latest evidence for treatment guidelines for atopic dermatitis.

Track: Dermatology

- 3:00 pm **Welcome and Introductions**
Kelly M. Maples, MD, FACAAl; and
Catherine Hammond, MD
- 3:03 pm **Non-pharmacologic Treatments – Is There a Role for Bleach Baths and Diet?**
Mark Boguniewicz, MD, FACAAl
- 3:28 pm **Topical Medications – Which Ones and How**
Derek K. Chu, MD, PhD
- 3:53 pm **Systemic Therapies**
Peck Y. Ong, MD, FACAAl
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Analyze risks and benefits of trialing bleach baths and elimination diets in patients with atopic dermatitis.
- Examine data on efficacy and safety of various topical therapies for atopic dermatitis.
- Appraise available data for systemic therapies for atopic dermatitis.

3:00 – 4:30 pm • Room 204B
Anaheim Convention Center

Symposium

Climbing the Baked Egg/Milk Ladder: Is It As Safe As We Assume?

Moderators: Annette F. Carlisle, MD; and
Ryan B. Israelsen, MD

The increasing utilization of allergist-guided dietary advancement therapies, such as the ingestion of extensively heated milk and egg allergens, milk/egg ladders and baked OIT represents a fundamental paradigm shift from previous avoidance strategies. There is limited understanding of the risk/benefit trade-offs of these therapies, and an unmet need to enhance physician guidance to patients with regard to their use in clinical practice.

Track: Food & Drug Allergy and GI Disorders

- 3:00 pm **Welcome and Introductions**
Annette F. Carlisle, MD; and
Ryan B. Israelsen, MD
- 3:03 pm **Evaluating Benefits and Risks of Milk and Egg Ladders**
Matthew Greenhawt, MD, MBA, MSc, FACAAl
- 3:28 pm **How to Identify the Right Candidate for Baked Egg and Milk Introduction and What Advice to Provide on Safety of Introduction**
Douglas P. Mack, MD, MSc
- 3:53 pm **Baked Milk/Egg OIT: What Do We Know and What We Need to Learn**
Aikaterini Anagnostou, MD, PhD, FACAAl
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss the risks and benefits of dietary advancement therapies, such as milk and egg ladders.
- Identify the right candidates for milk/egg ladders and describe patient instructions.
- Describe risks and benefits of baked milk/egg OIT and identify unmet needs.

Saturday General Sessions

3:00 – 4:30 pm • Room 213AB
Anaheim Convention Center

Symposium

Chronic Spontaneous Urticaria: Itching for the Latest Information

Moderators: Brian T. Kelly, MD, MA, FAAAAI; and
Nicole M. Chase, MD, FAAAAI

*Co-supported by independent educational grants
from Genentech, A Member of the Roche Group and
Novartis Pharmaceuticals Corporation*

CSU remains a high morbidity condition for patients with refractory disease. Numerous biologics/small molecules are currently in clinical trials. Some FDA-approved biologics that are effective in other disease states are pending final results in treating CSU.

Track: Immunotherapy and Diagnostics

- 3:00 pm **Welcome and Introductions**
Brian T. Kelly, MD, MA, FAAAAI; and
Nicole M. Chase, MD, FAAAAI
- 3:03 pm **Clemens von Pirquet Abstract Award –
1st Place**
**Management Of Urticaria in the
Emergency Department for Adult Patients:
A Quality Improvement Initiative**
Jennifer C. Li, MD
- 3:13 pm **Review the Burden of CSU and the Impact
It Has on Patients With Refractory Disease**
Sarbjit S. "Romi" Saini, MD
- 3:38 pm **Currently Available Options for Treatment
for Refractory Disease**
David A. Khan, MD, FAAAAI
- 4:03 pm **Explore Novel Therapies Presently in
Clinical Trials**
Melanie Dispenza, MD, PhD
- 4:23 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to:
- Implement strategies to improve guideline-directed use of second-generation antihistamines in the emergency department.
 - Comprehend the international guidelines for the management of patients with CSU, revisit current treatment recommendations and understand the burden of refractory disease.
 - Discuss therapeutics currently FDA-approved for other indications, now under investigation for treatment of CSU and ISM.
 - Review recent data on novel therapeutics under investigation for CSU and ISM.

3:00 – 4:30 pm • Room 212
Anaheim Convention Center
Seats available on a first-come, first-served basis.
Limit 36.

Ask the Experts Understanding Non-traditional Immunotherapy

Moderator: Gailen D. Marshall, Jr., MD, PhD, FAAAAI

This session will allow attendees to discuss practical topics of OIT, SLIT, ILIT, and non-traditional up-dosing regimens for SCIT with experts in a small session to optimize use of these therapies.

Choose three of the five topics and spend 25 minutes with each expert. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

Track: Practice Management / Professional Issues /
Advocacy

- 3:00 pm **Welcome and Introductions**
Gailen D. Marshall, Jr., MD, PhD, FAAAAI

Table rotations: 3:05 pm, 3:30 pm, 3:55 pm

Table 1 Cluster and Rush SCIT
J. Wesley Sublett, MD, MPH, FAAAAI

32nd Annual FIT Bowl Competition

Pacific Ballroom Salons CD (2nd Floor)
Hilton Anaheim Hotel

Test your knowledge, sharpen your wits, and join in the fun at the dynamic, fast-paced FIT Bowl! Participating teams from training programs around the country will compete to answer a variety of serious (and not so serious) questions posed by an expert panel. More than 25 teams are expected to face off against each other in their attempt to win the coveted FIT Bowl trophy. Enjoy drinks and appetizers while you cheer on the contestants.

Saturday Allied Health Professionals Course

Saturday, November 11 • 10:00 am – 4:30 pm • Room 213CD • Anaheim Convention Center

Allied Health Professionals Course

Separate Registration • Admission by Ticket Only

You must be registered for the General Annual Scientific Meeting to participate in the Allied Health Professionals Course.

Track: Allied Health Course

10:00 – 11:30 am

Symposium

Immunotherapy

Moderator: Abby L. Allen, RN, NP

Immunotherapy is a disease-modifying treatment utilized in the management of aeroallergen sensitization as well as stinging insect allergy. This session will allow attendees to gain an understanding of the recommendations for selection and implementation of various forms of available immunotherapy.

- 10:00 am **Welcome and Introductions**
Abby L. Allen, RN, NP
- 10:03 am **Prescribing Immunotherapy**
Jay M. Portnoy, MD, FAAAAI
- 10:28 am **Administering Immunotherapy**
Amber M. Patterson, MD, FAAAAI
- 10:43 am **Management of Immunotherapy**
Arlon Bennett, NP
- 11:03 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Review best practices for prescribing SCIT, SLIT and VIT.
- Define and discuss rush immunotherapy schedule.
- Explore recommendations for adjusting immunotherapy due to large local reactions, systemic reactions and missed doses.

11:30 am – 1:00 pm

Saturday Allied Health Professionals Course

Saturday Breakout Sessions: 1:00 – 2:30 pm

1:00 – 2:30 pm • Room 212
Anaheim Convention Center

Seats available on a first-come, first-served basis.
Limit 54.

Ask the Experts

Breakout 1: Am I Doing This Right?

Moderator: Jodi A. Shroba, MSN, APRN, CPNP

This roundtable session will provide a review of the most frequent processes and procedures utilized in an allergy/asthma/immunology clinic, to ensure that you are utilizing the most up-to-date recommendations, etc.

1:00 pm **Welcome and Introductions**
Jodi A. Shroba, MSN, APRN, CPNP

Table rotations: 1:05 pm, 1:30 pm, 1:55 pm

Table 1 Penicillin Testing/Challenge
Logan Ford, FNP

Table 2 Food Challenges: Tips and Tricks
Lisa B. Rosenberg, MEd, MSW, LCSW, CSSW

Table 3 Wet Wraps for the Management of Atopic Dermatitis
Erica Young, PA-C

Table 4 You Ordered What?
Abby L. Allen, RN, NP

Table 5 Patch Testing
Lauren E. Connors, RN

Table 6 USP 797 Summary for the Allergy Clinic
Tara Doran, RN, BSN, MHA

2:20 pm **Questions and Discussion**

2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss tips and tricks for performing penicillin challenges and identify guidelines for penicillin allergy testing.
- Describe potential stressors for patients undergoing an oral food challenge.
- Demonstrate optimal technique for applying wet wraps.

1:00 – 2:30 pm • Room 213CD
Anaheim Convention Center

Symposium

Breakout 2: Evaluation and Management of Chronic Cough

Moderator: Ashlee Law, PA-C

Chronic cough is a commonly encountered complaint in many allergy practices. This session will help providers develop a comprehensive evidence-based approach to this often-challenging complaint.

1:00 pm **Welcome and Introductions**
Ashlee Law, PA-C

1:03 pm **Diagnostic Approaches to Chronic Cough**
Michael S. Blaiss, MD, FAAAAI

1:33 pm **Management Strategies for Chronic Cough**
Brian Farthing, PA, RT

2:03 pm **Questions and Discussion**

2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- List the possible differential diagnoses for chronic cough.
- Review diagnostic tests helpful in the evaluation of chronic cough, including the new Chronic Cough Yardstick.

Symposium

Breakout 1: Practical Strategies to Navigate Key Life Transitions With Food Allergy

Moderator: Lisa B. Rosenberg, MEd, MSW, LCSW

The diagnosis of food allergy can have a significant impact on patients as well as their family and friends. This session will illuminate the impact of food allergy from various viewpoints and allow attendees to gain deeper knowledge of those affected.

- 3:00 pm **Welcome and Introductions**
Lisa B. Rosenberg, MEd, MSW, LCSW
- 3:03 pm **Food Allergy Diagnosis Impact:
A Panel Discussion**
- A Prescriber's Viewpoint**
Jodi A. Shroba, MSN, APRN, CPNP
- A Dietician's Viewpoint**
Raquel Z. Durban, MS, RD, CSP, LDN
- A Therapist's Viewpoint**
Tamara Hubbard, MA, LCPC
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Review strategies to help prepare the patient with food allergy to transition to new stages of life.
- Recognize potential stressors for the patient with food allergy encountered in starting school, late teen/college years, and entering the work force as young adults.

3:00 – 4:30 pm • Room 208
Anaheim Convention Center

Symposium

Breakout 2: Hereditary Angioedema

Moderator: Tara Doran, RN, BSN, MHA

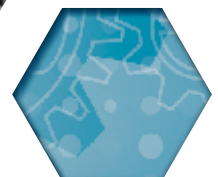

Hereditary angioedema can be a difficult-to-navigate, life-threatening condition. This session will review evidence-based evaluation and management of hereditary angioedema.

- 3:00 pm **Welcome and Introductions**
Tara Doran, RN, BSN, MHA
- 3:03 pm **Evaluation and Diagnosis of HAE**
Mark A. Davis-Lorton, MD, FACAAl
- 3:28 pm **Management of HAE**
Marc A. Riedl, MD, MS
- 3:53 pm **Swelling With Hives, It's Not All HAE**
Andrew A. White, MD, FACAAl
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Review the evaluation of the patient who presents with recurrent angioedema.
- Review medications used in the treatment of acute HAE attacks.

The Buzz on Biologics: To Asthma and Beyond

Moderator: Kristin C. Sokol, MD, FAAAAI

In this session, speakers will provide the current clinical data on biologics for conditions the allergist/immunologist treats on a daily basis.

Track: Immunotherapy and Diagnostics

8:00 am **Welcome and Introductions**
Kristin C. Sokol, MD, FAAAAI

8:03 am **Edward J. O'Connell Lecture**

Biologics for Asthma – 20 Years Since the First Approval and Where We Are Headed in 20 Years
John J. Oppenheimer, MD, FAAAAI

8:28 am **Biologics for Allergic Skin Conditions – When and for Whom?**
Peck Y. Ong, MD, FAAAAI

8:53 am **Biologics for Food Allergies – On the Precipice of a New Era?**
Brian P. Vickery, MD

9:18 am **Questions and Discussion**

9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Differentiate currently available biologics for the treatment of asthma and describe possible future use of biologics for asthma.
- Differentiate currently available biologics for the treatment of atopic dermatitis and chronic spontaneous urticaria and discuss future therapies for these conditions.
- Evaluate the use of dupilumab for eosinophilic esophagitis and discuss the latest data on various biologics being studied for IgE-mediated food allergies.

Coding & Government Relations

Moderators: J. Allen Meadows, MD, FAAAAI; and Steve Dorman, MD, FAAAAI

This session will address relevant changes, modifications and implementation of CPT and ICD-10 coding for 2023-2024. This will be accomplished by practical case-based scenarios focused on how the change may affect the practice of allergy and clinical immunology. In addition, we'll review the state of politics and the national perspective of medicine. Finally, we'll offer an update on the changing landscape on Capitol Hill as it relates to the current state of government.

Track: Practice Management / Professional Issues / Advocacy

10:00 am **Welcome and Introductions**
J. Allen Meadows, MD, FAAAAI; and Steve Dorman, MD, FAAAAI

10:03 am **Coding Update**
Gary N. Gross, MD, FAAAAI

10:28 am **We Advocate – What Are the Issues?**
Warner W. Carr, MD, FAAAAI

10:53 am **Government / Legislative Update**
Matt Reiter

11:18 am **Questions and Discussion**

11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Describe coding changes and updates relevant to allergy practice.
- Cite how allergists and professional organizations have stayed involved with specific examples and calls to action for future work.
- Understand governmental and legislative updates impacting allergists.

Sunday General Sessions

10:00 – 11:30 am • Ballroom B-E (Level 3) • Anaheim Convention Center

Symposium **LIVESTREAM** 

Asthma: The Good, the Bad and the Ugly

Moderators: Angela D. Hogan, MD, FAAAAI; and Clinton P. Dunn, MD

Supported by an independent educational grant from AstraZeneca

The global prevalence, morbidity, and mortality related to asthma have increased significantly over the last 40 years. Asthma treatment goals currently focus on symptom and exacerbation control rather than remission. Remission is not identical to cure but is a step closer.

What are the current definitions of remission in asthma, the prevalence and predictors, the pathophysiology of remission, and the possibility of achieving this GOOD outcome with available treatment options? Even when an asthma diagnosis is made, many questions are still tricky to answer.

There is still the BAD of asthma — the unmet needs in asthma treatments. Which biological is best? Why are some patients non-responders? How can the healthcare system adopt the asthma guidelines and provide asthma resources?

And finally, the UGLY part of asthma. In patients with persistent asthma, social determinants of health suggest that 80% of what makes health is outside the healthcare system. Social determinants significantly impact health outcomes — especially for the most vulnerable. It is essential to reframe racial and ethnic asthma disparities as biological and psychologic manifestations of structural racism. How can health care providers reduce these disparities specifically for our asthma patients?

Track: Asthma and Respiratory / Sleep Disorders

- 10:00 am **Welcome and Introductions**
Angela D. Hogan, MD, FAAAAI; and Clinton P. Dunn, MD
- 10:03 am **GOOD: Clinical Remission in Asthma**
John J. Oppenheimer, MD, FAAAAI
- 10:28 am **BAD: Unmet Needs in Asthma Care**
Michael S. Blaiss, MD, FAAAAI
- 10:53 am **UGLY: Asthma Disparities**
Tamara T. Perry, PhD
- 11:18 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Define asthma remission and review its prevalence, predictors, pathophysiology, and treatments that could lead to remission.
- Describe the unmet needs in asthma care, including optimizing treatments based on asthma phenotype, and challenges implementing guideline-based care.
- Describe the effect of social determinants of health on disparities in asthma care of our most vulnerable patients.

Sunday

Sunday General Sessions

10:00 – 11:30 am • Room 213CD • Anaheim Convention Center

Symposium

Community/Academic Allergist Initiative: Community Allergist Partnership in Education (CAPE)

Moderator: J. Wesley Sublett, MD, MPH, FAAAAI

The art of medicine entails applying an expert set of skills and knowledge to care for patients in a variety of settings. Medical students, residents, and Fellows-in-Training receive significant exposure to clinical care delivered in tertiary care outpatient and inpatient settings. Community based allergists can offer a unique learning environment that exposes learners to the delivery of high-level clinical care in a private practice setting, and in particular, issues central to building long-term relationships with patients of all ages who live with some of the most common chronic health conditions. In this symposium, the first year of a two-year ACAAI presidential Community/Academic Allergist Initiative: Community Allergist Partnership in Education (CAPE) will be presented.

Track: ACAAI

- 10:00 am **Welcome and Introductions**
J. Wesley Sublett, MD, MPH, FAAAAI
- 10:03 am **The Important Role of Community Allergists as Educators**
Kathleen R. May, MD, FAAAAI
- 10:23 am **Getting Involved: Foundations of Successful Community-Institutional Allergy Partnerships**
David A. Kaufman, MD, FAAAAI

- 10:47 am **Framing the Educational Experience in the Community Allergy Practice**
David R. Stukus, MD, FAAAAI
- 11:02 am **Fostering Ongoing Collaboration Between Academic and Community Allergists**
Theresa A. Bingemann, MD, FAAAAI
- 11:17 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Describe why medical education in community practices is an important component of exposing learners to our specialty – the “why/general.”
- Learn best practices toward becoming involved in local institutions’ educational curricula – the “where” and the “what” (and navigating the Program Letter of Agreement).
- Identify appropriate learning objectives for a community practice rotation at each level of training – medical student, resident, Fellow-in Training – the “who” (and College resources to help you at each step with patient care, medical knowledge resources).
- Understand the direct and indirect benefits of teaching learners – the “why/specific.”

Symposium

Hot Topics and Practical Pearls in Dermatology

Moderator: Kelly M. Maples, MD, FAAAAI

Join us for a lively, fast-paced, timely discussion on the newest hot topics in allergic skin diseases including atopic dermatitis, contact dermatitis, urticaria, HAE, pruritus and bullous eruptions.

Track: Dermatology

- 10:00 am **Welcome and Introductions**
Kelly M. Maples, MD, FAAAAI
- 10:03 am **Prurigo Nodularis**
Gisoo Ghaffari, MD, FAAAAI
- 10:14 am **Photodermatoses for the Allergist**
Alexandra Golant, MD
- 10:25 am **Rashes That Mimic Allergic Skin Conditions**
Marcella R. Aquino, MD, FAAAAI
- 10:36 am **Update on Atopic Skin Conditions in Skin of Color**
Ama Alexis, MD, FAAAAI
- 10:47 am **Biologics for Atopic Dermatitis and CSU**
Karan Hsu-Blatman, MD
- 10:58 am **JAK Inhibitors in Atopic Dermatitis**
Andrew Alexis, MD, MPH
- 11:09 am **Reactions and Side Effects to Cosmetic Procedures**
Marc J. Serota, MD, FAAAAI
- 11:20 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify and understand treatment options for prurigo nodularis.
- Learn the difference between a phototoxic versus a photoallergic reaction.
- Identify common plants which cause phytophotodermatitis.
- Recognize and identify skin conditions that mimic allergic disorders.
- Appropriately recognize and treat atopic conditions in skin of color.
- Understand how to choose the appropriate biologic for AD and CSU.
- Improve knowledge regarding JAK inhibitors for AD.
- Recognize and understand common reactions and side effects to cosmetic procedures.

Being In The Know With ABAI

Moderator: Jeffery R. Stokes, MD, FAAAAI

This session will provide attendees with an overview of the certification process, including examination requirements, navigating the second five-year CAP cycle and the role of an ABAI Ambassador.

Track: AAAAAI

- 10:00 am **Welcome and Introductions**
Jeffery R. Stokes, MD, FAAAAI
- 10:03 am **Let's Talk Certification**
Gina Capozzoli
- 10:28 am **Navigating the Second Five-year CAP Cycle**
Michael R. Nelson, MD, PhD, FAAAAI
- 10:53 am **What is the Role of an ABAI Ambassador**
Jeffery R. Stokes, MD, FAAAAI
- 11:18 am **Questions and Discussion**
- 11:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Cite the ABAI certification requirements and important deadlines.
- Understand the CAP scoring process.
- Define the requirements and expectations of an ABAI Ambassador.

Ask the Experts

Improving Your Practice: Following the Evolution of Food Allergy Therapies

Moderator: Joyce E. Yu, MD, FACAAI

This session will address key questions in the area of food immunotherapy, use of biologics and the microbiome, and initiate interesting discussions into the use of different food therapy approaches, including benefits and risks, identifying the right candidate for each approach and addressing practical issues in clinical practice.

Choose three of the five topics and spend 25 minutes with each expert. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

Track: Food & Drug Allergy and GI Disorders

1:00 pm **Welcome and Introductions**
Joyce E. Yu, MD, FACAAI

Table Rotations: 1:05 pm, 1:30 pm, 1:55 pm

Table 1 **A Practical Guide to Food Immunotherapy for Maintenance Therapy**
Aikaterini Anagnostou, MD, PhD, FACAAI

Table 2 **How Early Should 'Early OIT' Begin and Why Do It**
Brian Vickery, MD, FACAAI

Table 3 **Epicutaneous and Sublingual Immunotherapy: Your Questions Answered**

Table 5 **How and When to Use Omalizumab in the Food Allergy Clinic**
Matthew Greenhawt, MD, MBA, MSc, FACAAI

2:20 pm **Questions and Discussion**

2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify the right candidate for different food immunotherapy approaches and discuss risks and benefits.
- Describe the role of pro- and prebiotics in food allergy.
- Address indications for use and practical issues (dosing, frequency) surrounding the use of omalizumab in food allergy.

Sunday General Sessions

1:00 – 2:30 pm • Room 210AB
Anaheim Convention Center

ProCon Debate

Skin Testing vs. Serum Testing for the Diagnosis of Venom Allergy

Moderator: James M. Tracy, DO, FAAAAI

It has been several years since the College has incorporated insect or venom allergy into its Annual Meeting. In addition, the most recent insect allergy practice parameters were published in 2016. Since that time there have been a number of changes affecting venom diagnosis, and a growing number of allergists are no longer employing this therapeutic strategy. In addition, there have been new testing methodologies recently introduced into the U.S. market that may have value. Currently, the insect practice parameters recommend skin testing initially followed by serum testing for relevant insects if found to be negative on skin testing. Recognizing the cost and relative convenience or inconvenience of skin testing, there may be some value in starting with serum first and following up with skin testing. There are a number of arguments on either side of the equation. This session will frame those arguments through a robust debate.

Track: Immunotherapy and Diagnostics

- 1:00 pm **Welcome and Introductions**
James M. Tracy, DO, FAAAAI
- 1:05 pm **Venom Allergy Testing – Skin Testing Is More Useful Than Serum Diagnostics, Including Component Diagnostics (Serum Testing)**
David B. K. Golden, MD, FAAAAI
- 1:30 pm **Venom Allergy Testing – Serum Testing, Including Component Diagnostics, Is More Useful Than Skin Testing**
Karla Adams, MD, FAAAAI
- 1:55 pm **Legitimate Rebuttal**
- 2:15 pm **Panel Discussion – Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify the relative merits of venom skin and serum testing.
- Indicate the relative merits of component venom testing.

1:00 – 2:30 pm • Room 213CD
Anaheim Convention Center

Symposium

Introductory Course in Rhinolaryngoscopy

Moderator: Jerald W. Koepke, MD, FAAAAI

Indications for, and the use of the fiberoptic rhinoscope in the allergist's office will be reviewed. This session will discuss the surgical anatomy of the upper airway, including the nasal cavity, pharynx, and larynx as seen during a fiberoptic examination of the upper airway using a rhinoscope. Slides and video clips that identify normal and abnormal anatomy, as well as disease presentations, and postoperative changes found by endoscopic examination of the upper airway, will be provided.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

- 1:00 pm **Welcome and Introductions**
Jerald W. Koepke, MD, FAAAAI
- 1:03 pm **Presentations**
Jerald W. Koepke, MD, FAAAAI
Seong H. Cho, MD, FAAAAI
- 2:20 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Describe the major anatomical findings in the upper airway.
- Identify normal and abnormal anatomy, disease presentations and post-op findings.
- Appraise indications for use of the rhinoscope in the allergist's office.

Symposium

Primary Prevention Strategies for Asthma

Moderators: *Jeremy S. Katcher, MD, FAAAAI; and
Justin C. Greiwe, MD, FAAAAI*

In recent years, asthma has proven to be more complex than initially thought, characterized by different phenotypes that have significant clinical implications. Since asthma is very common and is associated with morbidity and huge health care expenditures, it would behoove the medical community to identify strategies to prevent its onset. This session will address risk factors for development of asthma as well as protective factors that may have a role in asthma prevention.

Track: Asthma and Respiratory / Sleep Disorders

- 1:00 pm **Welcome and Introductions**
Jeremy S. Katcher, MD, FAAAAI; and
Justin C. Greiwe, MD, FAAAAI
- 1:03 pm **Microbial Exposures**
Andrew L. Kau, MD, PhD
- 1:28 pm **Prenatal, Antenatal and Lifestyle Factors**
Thomas A. E. Platts-Mills, MD, PhD, FAAAAI
- 1:53 pm **Environmental Exposures and Medications**
Wanda Phipatanakul, MD, MS, FAAAAI
- 2:18 pm **Questions and Discussion**
- 2:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Extrapolate the role that microbial exposures (including infection and colonization) play in the development of asthma.
- Calculate the role that maternal health and exposures, as well as childhood obesity and diet, play in the development of asthma.
- Review the evidence for airborne/inhalational exposures influencing the development of asthma, as well as medication that may have a role in asthma prevention.

Allergen Immunotherapy in Your Practice – Are You Up to Date With the Current Parameters?

Moderators: *Robert J. Szalewski, MD; and
Nicole E. Barberis, MD*

In this session, speakers will provide updates from the most recent practice parameter for allergy immunotherapy.

Track: Immunotherapy and Diagnostics

- 3:00 pm **Welcome and Introductions**
Robert J. Szalewski, MD; and
Nicole E. Barberis, MD
- 3:03 pm **USP 797 Update**
Maureen M. Petersen, MD, FAAAAI
- 3:13 pm **SCIT vs. SLIT – IS There an Answer?**
Anne K. Ellis, MD, MSc, FAAAAI
- 3:33 pm **Who and How Much? Have Guidelines
Changed Regarding Patient Selection or
Allergen Dosing?**
Dennis K. Ledford, MD, FAAAAI
- 3:53 pm **Assessing Outcomes of Immunotherapy –
Are There Biomarkers or Questionnaires
I Should Be Using?**
Maureen M. Petersen, MD, FAAAAI
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Analyze available data on SCIT and SLIT and discuss risks of both therapies.
- Summarize current recommendations on patient selection and allergen dosing in allergy immunotherapy.
- Describe available tools to help identify efficacy, safety, and quality of life outcomes in patients on allergy immunotherapy.

Sunday General Sessions

3:00 – 4:30 pm • Room 210CD
Anaheim Convention Center

Symposium

An Ounce of Prevention in Food Allergy

Moderators: Robert Sporter, MD, FAAAAI; and
Jing Yi (Jenny) Sun, MD

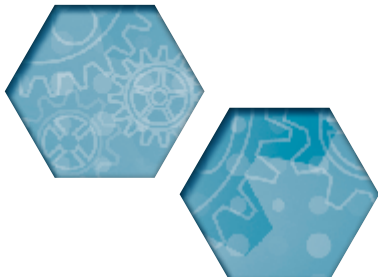

This session will describe the role of early food introduction and early moisturizing in preventing the development of food allergies. The session also will discuss ongoing research in food allergy prevention.

Track: Food & Drug Allergy and GI Disorders

- 3:00 pm **Welcome and Introductions**
Robert Sporter, MD, FAAAAI; and
Jing Yi (Jenny) Sun, MD
- 3:03 pm **Advising Families on Early Introduction**
Elissa M. Abrams, MD
- 3:28 pm **Early Moisturizing and Food Allergy Prevention: What Is the Evidence?**
Christina E. Ciaccio, MD, MSc, FAAAAI
- 3:53 pm **Future Approaches in Food Allergy Prevention**
Helen A. Brough, MD
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to:
- Describe the role of early food introduction for allergenic foods and how to provide practical advice for families.
 - Discuss the role of the skin barrier in food allergy development and prevention.
 - Highlight future approaches in preventing food allergy.

3:00 – 4:30 pm • Room 210AB
Anaheim Convention Center

Symposium

The Ever-changing Landscape of COVID-19

Moderators: Niraj Patel, MD, MS, FAAAAI; and
Joseph P. Forester, DO, FAAAAI

COVID-19 continues to impact our patients and is continually changing. This session will provide an update on risk mitigation strategies, emerging data on long COVID and discuss what we can learn about infection prophylaxis for our most at-risk patients.

Track: Clinical Immunology and Autoimmune Diseases

- 3:00 pm **Welcome and Introductions**
Niraj Patel, MD, MS, FAAAAI; and
Joseph P. Forester, DO, FAAAAI
- 3:03 pm **Who Should Be Treated for Outpatient COVID, and With What Medications?**
S. Shahzad Mustafa, MD, FAAAAI
- 3:28 pm **What We Know About Long COVID**
Purvi S. Parikh, MD, FAAAAI
- 3:53 pm **How COVID-19 Led to Vaccine Hesitancy**
Paul V. Williams, MD
- 4:18 pm **Questions and Discussion**
- 4:30 pm **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to:
- Summarize the latest updates in management of outpatient COVID.
 - Distinguish manifestations of long COVID and provide an update on the science of this complicated condition.
 - Appraise recent trends in pediatric and adult vaccination, and how they may relate to the COVID-19 pandemic.

Sunday General Sessions

3:00 – 4:30 pm • Room 212 • Anaheim Convention Center
Seats available on a first-come, first-served basis. Limit 53.

Ask the Experts

A Progressive Practice

Moderator: Stanley M. Fineman, MD, MBA, FACAAl

Whether you are just getting started or a seasoned veteran, this exciting interactive learning opportunity has something for all physicians interested in starting or expanding their practice.

Choose three of the six topics and spend 25 minutes with each expert addressing a specific phase of allergy practice and physician wellness. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

Track: Practice Management / Professional Issues / Advocacy

3:00 pm **Welcome and Introductions**
Stanley M. Fineman, MD, MBA, FACAAl

Table rotations: 3:05 pm, 3:30 pm, 3:55 pm

Table 1 Practice Start-up
Travis A. Miller, MD, FACAAl

Table 2 Contract Reviewing
Kay Tyler, BS, BA, MBA

Table 3 Building New Service Lines
Maeve E. O'Connor, MD, FACAAl

Table 4 Partnering With NP/PAs in Advanced A/I Care

J. Wesley Sublett, MD, MPH, FACAAl
Abby L. Allen, RN, NP

Table 5 Financial Reports in A/I Care
Steve Dorman, MD, FACAAl

Table 6 Bringing on Associates or Others Offering Partnership

Weily Soong, MD, FACAAl

4:20 pm **Questions and Discussion**

4:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Examine the requirements of starting a practice.
- Employ successful human resource management techniques.
- Assemble an effective treatment team.

Sunday General Sessions

4:30 – 5:30 pm • Ballroom B-E (Level 3) • Anaheim Convention Center

8:00 – 9:30 am • Ballroom B-E (Level 3)
Anaheim Convention Center

Plenary **LIVESTREAM** 

Don't Be Scared of the Skin: Practical Pearls to Treat Urticaria and Atopic Dermatitis

Moderator: Jay A. Lieberman, MD, FAAAAI

In this session, speakers will provide updates from the most recent guidelines and practice parameters related to allergic dermatologic diseases.

Track: [ACAAI](#)

- 8:00 am **Welcome and Introductions**
Jay A. Lieberman, MD, FAAAAI
- 8:03 am **Updates on Urticaria**
Jonathan A. Bernstein, MD, FAAAAI
- 8:28 am **Managing Type 3 Angioedema**
Marc A. Riedl, MD, MS
- 8:53 am **Updates in Therapeutic Strategies for Atopic Dermatitis**
Mark Boguniewicz, MD, FAAAAI
- 9:18 am **Questions and Discussion**
- 9:30 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify if patients with chronic urticaria need any laboratory work-up for diagnostic purposes or therapeutic response.
- Summarize available data on various therapies beyond H1-antihistamines for the treatment of chronic urticaria.
- Compare recommendations for the management of atopic dermatitis.

9:30 – 9:45 am
Refreshment Break

Inborn Errors of Immunity – Insights From the Practice Parameter Update

Moderator: Caroline C. Horner, MD

In this session, speakers will provide updates from the most recent guidelines and practice parameters currently under development.

Track: [Clinical Immunology and Autoimmune Diseases](#)

- 9:45 am **Welcome and Introductions**
Caroline C. Horner, MD
- 9:48 am **Evolving a Guideline for an Ever-Expanding Field**
Jordan S. Orange, MD, PhD, FAAAAI
- 10:08 am **The Diagnostic Work-up for Patients Suspected of Having Possible Inborn Errors of Immunity**
Javier Chinen, MD, PhD
- 10:28 am **Updates in Therapeutic Strategies for Inborn Errors of Immunity**
Jennifer R. Heimall, MD, FAAAAI
- 10:48 am **Questions and Discussion**
- 11:00 am **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Discuss how the field of primary immune deficiency or inborn errors of immunity is evolving.
- Develop a diagnostic work-up for patients presenting with possible inborn errors of immunity.
- Identify novel treatment strategies for a broad array of patients with inborn errors of immunity.

Monday General Sessions

9:45 – 11:00 am • Room 213CD
Anaheim Convention Center

Symposium

Evolutions in Anaphylaxis

Moderator: Lulu R. Tsao, MD

Anaphylaxis is an important disease treated by allergists. The study of anaphylaxis continues to advance our clinical understanding of this disease. In this session, we will explore some of the key advances in the area of anaphylaxis.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

- 9:45 am **Welcome and Introductions**
Lulu R. Tsao, MD
- 9:48 am **Clemens von Pirquet Abstract Award – 2nd Place**
Characterization of Alpha-Gal Syndrome In Pediatric Patients On Eastern Long Island
Ari Heffes-Doon, MD
- 9:58 am **Understanding HaT and MC Disorders in Anaphylaxis**
Jonathan J. Lyons, MD
- 10:18 am **Evolving Treatments for Anaphylaxis**
Jay A. Lieberman, MD, FAAAAI
- 10:38 am **Diagnosis, Grading, and Biomarkers**
Paul Turner, MD, PhD
- 10:55 am **Questions and Discussion**
- 11:00 am **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to
- Recognize alpha-gal syndrome in children as an explanation for cases of anaphylaxis and urticaria in Lone Star tick endemic areas.
 - Understand the diagnosis of anaphylaxis, the grading of anaphylaxis symptoms, and the utilization of current and emerging biomarkers in anaphylaxis based on current clinical guidelines.
 - Recognize patients with HaT and MC disorders are at increased risk of anaphylaxis.
 - Demonstrate the use of current and future biologics in the prevention of anaphylaxis.

9:45 – 11:00 am • Room 213AB
Anaheim Convention Center

Symposium

WAO – World Allergy Forum – Allergen Immunotherapy Update

Moderators: Kathleen R. May, MD, FAAAAI; and Bryan L. Martin, DO, FAAAAI

Allergen immunotherapy (AIT) is still the only treatment with long-term disease-modifying effect in IgE-mediated hypersensitivity diseases, including patients with respiratory and/or cutaneous allergic diseases. This symposium aims to provide allergist-immunologists and Fellows-in-Training with advanced knowledge on precision allergy diagnosis, including the identification of predictive biomarkers useful in AIT indication and success, and the outstanding importance of the allergen extract used in AIT treatments in order to achieve the best clinical outcomes in all age groups.

Track: ACAAI

- 9:45 am **Welcome and Introductions**
Kathleen R. May, MD, FAAAAI; and Bryan L. Martin, DO, FAAAAI
- 9:48 am **Precision Medicine and Allergen Immunotherapy**
Ignacio J. Ansotegui, MD, PhD
- 10:08 am **Importance of Allergen Extracts in Allergen Immunotherapy**
Sandra N. González Díaz, MD, PhD, FAAAAI
- 10:28 am **Clinical Implications in Allergen Immunotherapy – The European Experience**
Mário Morais Almeida, MD
- 10:48 am **Questions and Discussion**
- 11:00 am **Adjourn**

Learning Objectives

- Upon completion of this session, participants should be able to:
- Explain the importance of the molecular composition of the allergen extracts used in allergen immunotherapy.
 - Differentiate the different types of allergen extracts available for immunotherapy.
 - Clearly identify the mechanisms responsible for the beneficial effects of AIT using modified extracts, including ultra-rush up-dosing schemes.

Symposium **LIVESTREAM** 

Drug Allergy in Evolving Patient Care

Moderators: William K. Dolen, MD, FAAAAI; and
Fernanda D. Young, MD

Drug allergy impacts patient care and treatment safety. This session provides insight into the evolution of drug allergy from removal of inappropriate labels to use of telemedicine to provide a diagnosis, to understanding who needs desensitization and how. The knowledge gained provides insight into maintaining de-labeling across patient care, recognizing the opportunity provided by telemedicine and guiding clinicians through critical patients' needs such as desensitization.

Track: Food & Drug Allergy and GI Disorders

- 11:15 am **Welcome and Introductions**
William K. Dolen, MD, FAAAAI; and
Fernanda D. Young, MD
- 11:18 am **Maintaining the Drug Allergy De-label**
Allison C. Ramsey, MD, FAAAAI
- 11:33 am **Optimizing Drug Allergy Evaluation in the Era of Telemedicine**
Rebecca R. Saff, MD, PhD
- 11:48 am **Drug Desensitization: Who, When and How**
Mariana C. Castells, MD, PhD, FAAAAI
- 12:03 pm **Excipient/Vaccine Allergy**
John M. Kelso, MD, FAAAAI
- 12:18 pm **Questions and Discussion**
- 12:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Identify the need for maintaining drug allergy de-labeling.
- Recognize the potential for telemedicine in drug allergy diagnosis and management.
- Evaluate the candidates and tools of drug desensitization.

11:15 am – 12:30 pm • Room 213AB
Anaheim Convention Center

Symposium

AACA: Updates From the Allergen Immunotherapy Primer

Moderators: Sandra M. Gawchik, DO, FAAAAI; and
Russell A. Settiple, MD, FAAAAI

**Supported by an independent educational grant from
ALK-Abelló, Inc.**

The goal of the Allergen Immunotherapy Primer (AITP) is to supplement established practice parameters and to serve primarily as a useful and ongoing tool for practicing physicians.

AITP authors will provide information on updates made during the preceding 12 months, including focused advances in pediatric SLIT, accelerated IT protocols and patient safety and selection, and a view into the future of immunotherapies.

Track: Immunotherapy and Diagnostics

- 11:15 am **Welcome and Introductions**
Sandra M. Gawchik, DO, FAAAAI; and
Russell A. Settiple, MD, FAAAAI
- 11:18 am **Recent Advances in Pediatric SLIT**
Michael S. Blaiss, MD, FAAAAI
- 11:33 am **Optimizing Accelerated/Rush AIT**
Justin C. Greiwe, MD, FAAAAI
- 11:48 am **AIT and Shared Decision Making**
Don A. Bukstein, MD, FAAAAI
- 12:03 pm **Future Directions in AIT**
Lawrence M. DuBuske, MD, FAAAAI
- 12:18 pm **Questions and Discussion**
- 12:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Analyze advantages and disadvantages of SLIT use in pediatric populations.
- Leverage rush and cluster immunotherapy with appropriate patients.
- Engage patients in successful shared decision-making processes.

Monday General Sessions

11:15 am – 12:30 pm • Room 213CD
Anaheim Convention Center

Symposium

Supplements, Immune Boosting, Special Diets and Cannabis: What Every Allergist Needs to Know

Moderators: *Payel Gupta, MD, FAAAAI; and
Anil Patel, MD, FAAAAI*

Knowledge and acceptance of holistic and integrative medicine among our patient populations is high, with more than 40% of Americans using some kind of holistic therapy. Our patients are seeking and using integrative modalities. This session will provide an update on the methods, products and practices that our patients may be using. We will present only evidence-based integrative modalities and will discuss how different modalities can be integrated into standards of care.

Track: [Environmental and Integrative Medicine](#)

- 11:15 am **Welcome and Introductions**
Payel Gupta, MD, FAAAAI; and
Anil Patel, MD, FAAAAI
- 11:18 am **When a Patient Wants Their Immune
System Boosted**
Dipa K. Sheth, MD, FAAAAI
- 11:33 am **Safety Considerations and Supplements**
Gary K. Soffer, MD
- 11:48 am **Cannabis and The Allergist**
Anil Nanda, MD, FAAAAI
- 12:03 pm **Histamine-free, Nickel-free, and Every
Other Diet My Patients Ask About**
Atoosa Kourosh, MD, MPH, FAAAAI
- 12:18 pm **Questions and Discussion**
- 12:30 pm **Adjourn**

Learning Objectives

Upon completion of this session, participants should be able to:

- Understand how OMT manipulation practices are being used in patients with allergic disease and the evidence behind these practices.
- Review the safety considerations for natural products commonly used by patients with allergic disease.
- List the potential allergic consequences of using cannabis treatment and the evidence of cannabis use in different allergic conditions if any.
- Help their patients navigate pre, pro and post biotics and other diet practices.

Navigating the Transition From Fellowship to Practice

*Moderators: Brent T. Griffin, MD, MPH; and
Vinh T. Nguyen, MD*

For graduating fellows-in-training, the transition from the training environment to independent practice brings with it exciting new opportunities for growth as well as new challenges. In the fast-paced, ever-changing landscape of medicine, navigating that transition can be daunting. The 2023 FIT Program covers topics that are integral to the new allergist's practice in the community. The session will highlight the new allergist's role in the community in the context of the rapidly evolving medicolegal climate, as well as in identifying and mitigating barriers to care. The program will offer insights into navigating the FIT's first job out of fellowship, including topics such as contract negotiation and compensation structures.

Track: FIT Program

- 4:30 pm **Welcome and Introductions**

**11:30 am – 1:00 pm • Room 303
Anaheim Convention Center**
Supported by Stallergenes Greer

Alliance of the ACAAI Program

The Alliance Committee will host a variety of social events and programs for registered spouses and guests throughout the Annual Meeting. The Alliance programs will be held at the Hilton Anaheim Hotel.

Alliance Hospitality Suite

8:00 – 10:30 am • Pacific Ballroom Salon A • Hilton Anaheim Hotel
Friday through Sunday, November 10 – 12

Registered spouses and guests are invited to start the day with a visit to the hospitality suite. It's a perfect way to connect with old friends and meet new ones.

The Alliance Committee's hospitality suite will feature presentations and programs. All registered spouses and guests are welcome. The hospitality suite is open from 8:00 – 10:30 am on Friday, Saturday and Sunday.

Friday, November 10

How to Write a Dummies Book 8:30 – 9:30 am

William E. Berger, MD, MBA, FACAAI

Dr. Berger explores the process for creating his "Asthma For Dummies" book, and explains how you can write a "Dummies" book also. A limited number of copies of Dr. Berger's book will be available.

Saturday, November 11

First Aid Kits for Home and Travel – What Do You Really Need? 8:30 – 9:30 am

Bill May, MD

Dr. May will talk about which items are needed for a good home and travel first aid kit, and will also demonstrate some basic first aid skills everyone should know.

Sunday, November 12

Know Yourself: Enhancing Communication by Using the Pace Palette Tool 8:30 – 10:00 am

Bryan L. Martin, DO, FACAAI

Limited to the first 26 participants. Dr. Martin will discuss the PACE Palette, a color-assessment tool designed to enhance communication in the work place, as well as in your personal and every day life by using a fun, non-threatening, easily adaptable tool.

Alliance

Non-CME Corporate Forums

Before sessions on Friday, Saturday and Sunday, and at the end of each day on Friday and Saturday, all registrants are invited to attend the special Corporate Forums. Corporate Forums are non-CME promotional symposia organized by industry and designed to enhance your learning experience.

A Look into the Future of Food Allergy Management: Putting Emerging Treatments Into Context

Supported by Genentech,
A Member of the Roche Group

Presented by: Matthew Greenhawt, MD
Rima Rachid MD
David Stukus, MD

Food allergies affect both children and adults and are associated with dramatic decreases in quality of life, and severe reactions, such as food-induced anaphylaxis, can often be life-threatening. In addition, affected individuals must maintain constant vigilance to prevent exposure to food allergens. The landscape of food allergies is changing considerably with a number of advances in treatment that may improve patient outcomes. In this live event, experts will review the latest on new and emerging therapies for food allergies as well as how to manage food allergies today.

Also visit Genentech, A Member of the Roche Group at Booth #619.

Non-CME Corporate Forums

Product Theaters

NOT FOR CREDIT

These are commercial presentations conducted by exhibiting companies in specially-constructed theaters on the exhibit floor. This year we will have **four Product Theaters located in Hall C in the Anaheim Convention Center Exhibit Hall**, where a limited number of 25-minute and 85-minute sessions will be presented each day during the refreshment and lunch breaks. Product Theaters are non-CME forums organized by industry and designed to enhance your learning experience.

Friday, 2:35 – 3:00 pm

Clinical Case Review: Uncontrolled Asthma Patient on Medium-Dose Inhaled Corticosteroids

Supported by **Sanofi & Regeneron**

Presented by: Priya Bansal, MD

Join us for an afternoon session discussing the clinical importance of type 2 inflammation. Explore a case-based review of a patient with uncontrolled asthma on medium-dose inhaled corticosteroids and analyze a potential next step in treatment.

Also visit **Sanofi & Regeneron at Booth #501.**

Choose Wisely: ACT™ or AIRQ®?

Supported by **AstraZeneca**

Presented by: Kevin R. Murphy, MD

Join us to discuss uncontrolled asthma in the US. Asthma control consists of two domains: symptom impairment and exacerbation risk. However, many asthma control questionnaires only consider symptoms. The Asthma Impairment and Risk Questionnaire (AIRQ®) may help to better identify and address uncontrolled asthma by assessing both impairment and risk.

Also visit **AstraZeneca at Booth #515.**

Bruton's Tyrosine Kinase Signaling Implications for Chronic Spontaneous Urticaria

Supported by **Novartis Pharmaceuticals Corporation**

Presented by: Merin Kuruvilla, MD

Join us to learn about the role of Bruton's tyrosine kinase (BTK) in chronic spontaneous urticaria (CSU) pathophysiology and the effect of BTK signal inhibition.

Also visit **Novartis Pharmaceuticals Corporation at Booth #351.**

Saturday, 9:35 – 10:00 am

Eosinophilic Esophagitis: Discover a Treatment for Your Patients

Supported by **Sanofi & Regeneron**

Presented by: Scott Commins, MD

Take a morning break with us to learn about a treatment for your appropriate patients with eosinophilic esophagitis. An expert will walk us through clinical data, an example of an appropriate EoE patient, and answer your questions!

Also visit **Sanofi & Regeneron at Booth #501.**

AIRSUPRA™ (albuterol 90 mcg/budesonide 80 mcg): A Paradigm Shift

Supported by **AstraZeneca**

Presented by: Warner Carr, MD
Nicole Chase, MD

Please Join AstraZeneca for an expert-led presentation that may shift your thinking. Our expert will cover efficacy and safety data and how this treatment option may apply to clinical practice.

Also visit **AstraZeneca at Booth #410.**

Could There Be a Link Between Frequent Infections, Allergy, and Asthma?

Supported by **Pharming Group NV**

Presented by: Jolan Walter, MD
Nicholas Hartog, MD

Frequent infections, allergy, and asthma may indicate underlying primary immunodeficiency (PI). Join Drs Hartog and Walter for a discussion about how a PI called APDS may present in your practice, clinical data on the first and only FDA-approved treatment, Joenja® (leniolisib), and resources for testing for APDS and prescribing Joenja.

Also visit **Pharming Group NV at Booth #723.**

Saturday, 9:35 – 10:00 am

Food Allergy: Health Implications and Challenges

Supported by Genentech, A Member of the Roche Group

Presented by: Aikaterini Anagnostou, MD, PhD

This presentation provides an overview of the implications and challenges of food allergies. It includes content around the prevalence of food allergy, the atopic march, the mechanism of disease and the burden, risks, and challenges living with this condition.

Also visit Genentech, A Member of the Roche Group at Booth #619.

Saturday, 11:35 am – 1:00 pm

An Approach to Severe Asthma Control

Supported by AstraZeneca

Presented by: Rohit Katial, MD
Rey Panettieri, MD

AstraZeneca invites you to revisit severe uncontrolled asthma through an interactive, case-based presentation. Join our expert panelists as they highlight the impact of eosinophilic asthma and explore a treatment option that can address asthma control.

Also visit AstraZeneca at Booth #400.

Saturday, 11:35 am – 1:00 pm

Challenges Associated With Respiratory Infections in Patients With Primary Immunodeficiency: An Expert Discussion & Real-World Experience

Supported by ADMA Biologics

Presented by: Dareen Siri, MD

The expert discussion will focus on the challenges associated with respiratory viral infections and key considerations for managing patients with primary immunodeficiency. ASCENIV™, an approved IVIG with a unique composition, will be introduced, including real-world experience.

Also visit ADMA Biologics at Booth #654.

Individualizing Peanut Allergy Management: A Case-based Panel Discussion

Supported by DBV Technologies

Presented by: Douglas Mack, MD
David Stukus, MD
Julie Wang, MD

This program will focus on individualizing peanut allergy management through case-based learning. Expert panelists will use patient scenarios to discuss factors influencing peanut allergy management, including food challenges, effects of comorbidities, impact of age at initiation, shared decision making, health inequities, and if/how to enroll patients in clinical trials.

Also visit DBV Technologies at Booth #319.

Mild to Moderate Atopic Dermatitis and the JAK-STAT Pathway

Supported by Incyte

Presented by: Marc Serota, MD

Join Dr Marc Serota for an informative session on mild to moderate atopic dermatitis and an examination of the efficacy and safety of a potential treatment option.

Also visit Incyte at Booth #628.

Saturday, 2:35 – 3:00 pm

A Biologic Treatment Option for CRSwNP: What Every Clinician Needs to Know

Supported by Sanofi & Regeneron

Presented by: Cecelia Damask, DO

Join us for an afternoon session to learn about the impact of type 2 inflammation on CRSwNP, along with a treatment option for your appropriate patients. Explore clinical data and gain current insights into CRSwNP.

Also visit Sanofi & Regeneron at Booth #501.

Understanding Severe Asthma: Taking a Closer Look at the Allergic + Eosinophilic Patient Type

Supported by Amgen Inc. and AstraZeneca

Presented by: Jonathan Corren, MD

Learn about an option that may change the way you view your patients with severe asthma. We'll explore efficacy and safety data, and discuss appropriate patients including the Allergic + Eosinophilic phenotype.

Also visit Amgen Inc. and AstraZeneca at Booth #701.

Sunday, 11:35 am – 1:00 pm

Should We Target Eosinophils Regardless of Allergic Status in Patients With Severe Eosinophilic Asthma?

Supported by GSK

Presented by: Priya Bansal, MD

Join our expert speaker, Dr Priya Bansal, as she challenges what you think you know about the strengths and limitations of certain biomarkers in the management of severe asthma. In addition to discussing the importance of eosinophils as a driver of severe asthma, Dr Bansal will explore the role of eosinophilic inflammation in both allergic and nonallergic asthma. This program will also cover key clinical trial data and the latest real-world evidence for treating severe eosinophilic asthma with a targeted biologic. The presentation will conclude with an interactive Q&A session.

Also visit GSK at Booth #300.

The FIRST and ONLY Therapy Approved for the Treatment of Adults With Indolent Systemic Mastocytosis

Supported by Blueprint Medicines

Presented by: Maeve O'Connor, MD

A comprehensive overview of Indolent Systemic Mastocytosis with an emphasis on a first-in-class treatment.

Also visit Blueprint Medicines at Booth #648.

Exhibit Hall Passport Contest

Visit the Exhibit Hall to Win Prizes!

We're excited to announce a fun way for you to visit your favorite booths at this year's ACAAI Annual Meeting – the Exhibit Hall Passport Contest! Participate for a chance to win one of five \$100 Amazon Gift Cards.

Here's how to play:

- 1 You must be a registered attendee and be logged into the 2023 ACAAI Annual Meeting Mobile App.
- 2 On the mobile app, go into the "Passport Contest" icon in the bottom menu and select "Game Details" to see the rules and description of the game. Once the game has started, the leaderboard will display the top 10 users and points earned. Swiping down will refresh the leaderboard.
- 3 Visit the participating booths, speak with a representative and then ask to scan their designated QR code, using the "Scan" button in the mobile app. Once scanned, you will be taken back to the leaderboard and see your new score displayed.
- 4 When the game has ended you will no longer be able to scan QR codes and accumulate points.
- 5 Participants with the most points collected by 1:30 pm on Sunday will be entered into a drawing to win one of five prizes and will be notified by email. You do not need to be present to win.

The contest will begin Friday, Nov. 10, at 2:00 pm and end on Sunday, Nov. 12, at 1:30 pm.

Exhibit Hall Hours:

Friday, Nov. 10 2:00 – 6:00 pm
Saturday, Nov. 11 9:00 am – 4:30 pm
Sunday, Nov. 12 9:00 am – 1:30 pm

Exhibits

Hall C • Anaheim Convention Center

Exhibit Hours:

2:00 – 6:00 pm, Friday

9:00 am – 4:30 pm, Saturday

9:00 am – 1:30 pm, Sunday
